Alive on the Death Bed Deepak Gupta,2025-01-07 It is the privilege of the gods to want nothing, and of godlike men to want little. - Diogenes of Sinope. Plato voiced beautifully, those who practice philosophy in the right way are in training for dying and they fear death least of all men. Death is not astonishment but an absolute truth. It will come, may be not today but some day or may be late and it's truly unknown to human existence. What happens when you don't expect a visitor and he comes to your home unexpectedly and surprises you? Of course you will be surprised even if the enemy is at your door. We are often surprised by little things so much when we don't expect them. If death is not planned, then it will become a painful surprise for us. Like, we are so lost in our lives that we have forgotten we are mortal and have to die someday and indulging ourselves in most pleasures and living life in the highest form. On his death bed, Karl Marx said his last words; last words are for fools who haven't said enough. Epictetus said, I cannot escape death, but at least I can escape the fear of it. Death is a celebration when you are ready. *Alive on the Death Bed*, the 15 Minutes Powerful Read will transform your entire mindset and will guide you ultimately to be alive in every moment and prepare you to live your best soulful life every moment because death comes in a moment. I'm the one that's got to die when it's time for me to die, so let me live my life the way I want to. - Jimi Hendrix.

In the Matter of Nikola Tesla Anthony Flacco,2013-11-12 A fictionalized story of a true-life genius that “reads . . . like one of John le Carr[é]’s espionage novels” (New York Journal of Books). This account of the inner life of Nikola Tesla—arguably the most influential inventor in history—is a work of speculative fiction that reveals a genius whose greatest desire was to share his inventions with the world. It offers a compelling portrait of his passionate side, especially his secret love for his muse Karina, a woman no one else can see who brings him life-altering inspirations. Tesla’s love and obsession with Karina are the forces driving his work and motivating him in the face of a doubting world. Tesla maintains a loner’s life while working alongside some of the greatest financial and scientific powerhouses of the age, and faces constant temptation to stray from Karina and his life’s work. This portrait of a larger-than-life genius brings to light his very human side. “Flacco does an admirable job of showing us a man who was sometimes the brilliant, prescient Master—the man with an eidetic memory—and sometimes the helpless dupe of lesser, venial men. . . . A beautifully crafted handling of a difficult—and not always sympathetic—subject.” —Historical Novel Society

Irresistible Obsession Deepak Gupta, 2024-03-23 Master Discipline Effortlessly, Unconsciously, Spontaneously, and with Zero Resistance! Obsession pulls us towards our loving work. Discipline pushes us to do anything. Discipline is overrated. It feels tough, powered & pressured on our routine while true obsession is underrated. Obsession is merely a play, a great pleasurable play from our heart & soul. It doesn't need any perfect routine & our entire life is dedicated to it unknowingly. Discipline is visible with time. If you seek it you can't ever find it. Obsession makes time invisible. It may not be the best of the world but can give you the best feeling of the world. If you often tell yourself to be disciplined then you aren't devoting entirely to your work. It's like telling a gloomy man to become contented. What if I told you to stop being sad when you are sad! So, I can't say to myself, to be disciplined when I'm in my comfort zone. The most intense world's best personalities like Nikola Tesla, Plato, Aristotle, William Shakespeare, Pablo Picasso, Vincent Van Gogh, Franz Kafka, Alexander the Great, Alfred Hitchcock, Stephen Hawking, Confucius, Michael Jackson or even Diogenes weren't focused on being disciplined but their obsession & that became irresistible as soon as they loved it. Diogenes once said, there is a false

love that will make you something you are not. Suppose you were the last person on this earth, who would you impress? The world is divided between two kinds of personalities, consumed and energetic. If you observe, you will find a lot of people doing arduous work to live out their livelihood. They all feel their work tough and that's what our elders teach us; do the hard work. We all feel work is a burden and we have to do it even when we don't like it. What's the real secret of being energetic? Of course, energy can be faked. Truly, energy can be faked for so long until your mind bursts out and you feel extremely dissatisfied within your soul. Now, how to win the hearts of the audience? How to create the masterpiece that makes you eternal for life? Can you really make your life exciting by yourself? History is often remembered by artists and it's a great myth that we aren't artists. Everyone is an artist. It's not only the painters, writers, directors or musicians who are artists but everyone. If you aren't using your artistic capabilities in your work, you are pushing yourself slowly to get consumed. Irresistible Obsession, the book has carefully crafted thirty well-researched practical ancient techniques for automatic discipline without knowing time & pain, skill mastery and finally work obsession to control your fortune. Focus is meditation; Multitasking is overrated; Motivation is void and irregular; Genius is overrated; & Interest and curiosity are underrated. A genius can also fail if he doesn't work honest enough. Affirmative, time is an illusion. Almost all people have enough time to shake the world. In this book, we are focusing on being irresistibly obsessed with our passion, so we can become your best, not someone else's best. Steal These 30 Ancient Secrets and Watch the Universe Conspire to Make You Unstoppable! Choose a job you love and you will never have to work a day in your life. - Confucius.
