

Palacio De Los Acebedo

H Kauffman

La arquitectura en el otoño del Renacimiento Celestina Losada Varea,2007 Este estudio inserta la vida y obra de Juan de Naveda en el contexto de la arquitectura castellana de la primera mitad del siglo XVII.

Patrimonio cultural de Cantabria. Cien piezas artísticas singulares Isabel Cofiño Fernández,2019-11-28 Patrimonio cultural de Cantabria. Cien piezas artísticas singulares surge a raíz del proyecto «La Pieza del Mes» que se desarrolló en el Aula de Patrimonio Cultural de la Universidad de Cantabria entre 2009 y 2017. Dicho proyecto surgió con la intención de dar a conocer y poner en valor una parte singular del Patrimonio artístico de la región a través del estudio de un total de 100 piezas de distintas tipologías (retablos, esculturas, pinturas, orfebrería...) y épocas (desde el período prerrománico hasta la actualidad). Partiendo de esa base, en el presente libro se han agrupado las cien obras en diferentes capítulos, precedidos de unos estudios introductorios que pretenden ofrecer al lector las claves básicas para la comprensión de este valioso Patrimonio.

EL ARTE DE LA REPRESENTACIÓN DEL ESPACIO Antonio Sánchez González,2017-11-21 Esta obra da a conocer una interesante colección iconográfica sobre cartografía y planimetría históricas, en su mayor parte inédita hasta ahora, compuesta por 630 mapas y planos de diversa tipología y temática, procedente del Archivo Ducal de Medinaceli. El libro se compone de 6 capítulos, con estudios monográficos sobre la colección, y del catálogo detallado de cada uno de los ejemplares, en trabajo realizado por un prestigioso equipo de investigación financiado por el Ministerio de Economía y Competitividad. La mayor parte de esos mapas y planos son representaciones territoriales y monumentales de la Península Ibérica, pero también hay ejemplares de Francia, Países Bajos, Italia, el norte de África e Hispanoamérica. La obra es una valiosa muestra del trabajo cartográfico como arte, pues el material reproducido presenta cualidades formales -estéticas y didácticas- que permiten explotar al máximo las capacidades visuales del lector.

El viejo hogar (I). Los Cerecedo. Una historia familiar en la Junta de Voto , Arquitectura señorial en el norte de España Germán Ramallo Asensio,Begoña Alonso Ruiz,1993

El Palacio de los crímenes, ó, El pueblo y sus opresores Wenceslao Ayguals de Izco,1855

Patrimonio destruido en Cantabria Aramburu-Zabala Higuera, Miguel Ángel, Losada Varea, Celestina, Saavedra Arias, Rebeca, 2012-06-01 Fruto del ciclo de conferencias homónimas sobre el patrimonio histórico-artístico, a cargo de reconocidos profesores de la Universidad de Cantabria, se deja constancia de un proceso de destrucción patrimonial que tiene suficiente entidad como para ser considerado como un capítulo más de la Historia en general y de la Historia del Arte en particular. Por razones de espacio, no se ha podido incluir el catálogo completo de destrucciones, centrándose en el patrimonio edificado desde el fin de la sociedad del Antiguo Régimen hasta nuestros días y abordando del mueble lo relacionado con la Guerra Civil. A través de su investigación, conocimiento y difusión se rescata una parte del patrimonio, seña de identidad, hoy legado desaparecido pero así recuperado para la memoria de los pueblos.

Un viaje por los caminos y puentes de las comarcas orientales de Cantabria: Trasmiera, Costa Oriental y Asón-Agüera Luis Villegas Cabredo, 2022-08-03 Los caminos y puentes son esenciales para la ocupación y transformación del territorio y el desarrollo de los pueblos, al tiempo que son hitos de nuestros paisajes, historia, patrimonio construido y memoria personal. Este libro narra la evolución de estas infraestructuras de transporte terrestre a lo largo de la historia de Cantabria, desde los caminos antiguos hasta las actuales autovías. Está escrito pensando en un «viajero» que va recorriendo las comarcas centrales de esta región y a medida que supera las dificultades que la ruta lleva consigo (puertos de montaña, paso de ríos y demás), se va encontrando las referencias del camino (sus pueblos, iglesias, torres, casonas, puentes y otros).

Impacto de El Bogotazo en la actividad residencial y en los servicios de alto rango del centro de Bogotá

Amparo de Urbina González, Fabio Zambrano Pantoja, 2019-02-01 El 9 de abril de 1948 partió en dos el siglo XX colombiano. Ese día, en hechos confusos (tan confusos que se ha aceptado la hipótesis más fácil, la del asesino solitario), fue asesinado Jorge Eliécer Gaitán. Es probable que los autores intelectuales de este magnicidio (que los hubo) no esperaran que el resultado inmediato de ese asesinato fuera el inicio de la explosión de rabia que destruyó numerosas edificaciones del centro de la capital. Tales hechos se conocen con el nombre de El Bogotazo. Esta furia popular sucedió en el momento en que la ciudad llevaba, al menos, dos décadas de tránsito por la senda de la modernización y estaba dejando atrás los rasgos de ciudad colonial que la acompañaron hasta principios del siglo XX.

Canteros de Trasmiera. Historia social Ana Cagigas Aberasturi, 2019-01-08 Los Maestros Canteros de Trasmiera analiza, dentro del ámbito de la historia social, el comportamiento de un colectivo de canteros amplio, heterogéneo y diverso en el

que el concepto de «red social» marca la forma de organización, dejando atrás así conceptos tradicionalmente empleados en el mundo de la cantería como los de «taller» y «cuadrilla». Los canteros constituyen redes sociales en las que cada miembro ocupa un lugar determinado en ésta dependiendo de las funciones que desarrolla y el papel que desempeña. En estas redes se sobrepasan las relaciones establecidas en torno a la familia y la vecindad, pues pueden incorporar a individuos que no sean familiares ni vecinos, unidos por otro tipo de relación (amistad, intereses comunes, complementariedad, existencia de «enemigos» comunes, etc.). Así, se crea un entramado de relaciones que se engloba en el engranaje social junto a otras redes constituidas por otros grupos. Abstract The Master Masons of Trasmiera examines, within the field of social history, the behavior of a group of quarrymen broad, smart and diverse, in which the concept of «red social» marks the organization form, leaving behind thus concepts traditionally used in the world of the stonework as the «taller» and «cuadrilla». Stonemasons are social networks in which each member has a particular place in these, depending on the functions that develops and the role played. In these networks are exceeded established relations around the family and the neighborhood, because they can bring to individuals who are not family or neighbors, joined by another type of relationship (friendship, common interests, complementarity, existence of «enemigos», etc.). This creates a network of relationships that is included in the social gear along with other nets consisting of other groups.

Adopting the Beat of Expression: An Mental Symphony within **Palacio De Los Acebedo**

In a world taken by monitors and the ceaseless chatter of immediate communication, the melodic splendor and mental symphony created by the published word usually fade into the back ground, eclipsed by the persistent sound and disturbances that permeate our lives. Nevertheless, situated within the pages of **Palacio De Los Acebedo** an enchanting literary value filled with organic feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful musician of language, this captivating masterpiece conducts viewers on a psychological journey, skillfully unraveling the concealed tunes and profound influence resonating within each carefully crafted phrase. Within the depths with this emotional evaluation, we shall discover the book is central harmonies, analyze their entralling publishing model, and submit

ourselves to the profound resonance that echoes in the depths of readers souls.
