Jennifer's Choice Dawn Stilwell, November 13th, 2021 will be forever burned into my memory. That day, my sister passed away via medical assistance in dying, after an 18 month battle with metastatic breast cancer. Medical assistance in dying became legal in Canada in 2016. Since then, thousands of terminally ill patients have taken advantage of their right to die. I never dreamed that my own sister would be one of them. Early in the pandemic of 2020, my youngest sister Jennifer received the diagnosis of Stage IV inflammatory breast cancer at the age of 49. Her family and friends were witness to the depth of her inner strength and determination as she faced a barrage of cancer treatments. There was chemotherapy, surgeries and radiation; each one bringing with it the hopeful goal of helping to beat the cancer into remission. In the summer of 2021, about 15 months into her cancer journey, it became evident that Jennifer was facing a losing battle. If all that medical science could offer her were treatments that diminished the quality of her life ,while doing little to beat back the cancer, she really saw no point in continuing them. She opted for palliative care only, knowing that the cancer would now run its course, unimpeded. Being fiercely independent, Jennifer despised the very real prospect of soon becoming an invalid who could no longer care for herself. She faced the likelihood of a awful death in hospice as the cancer wreaked havoc in her body. She chose medical assistance in dying, taking back a modicum of control in a situation where she otherwise had none. Jennifer's Choice is the poignant story of the final year and a half of Jennifer's life, and chronicles not only her experiences, but also those of her family as we supported her to the best of our abilities under the circumstances. Consider the philosophical and ethical questions raised by her choice, and how we navigated the unknown waters of medically assisted suicide.

Surviving Beverly Gooden, 2022-06-05 Library Journal Self-Help Bestseller Winner of the 2023 National Indie Excellence Award in African American Nonfiction Silver Winner of the 2023 Nautilus Book Award A revealing look at why domestic violence victims stay with their abusers...and how they can ultimately leave. And survive. One Saturday morning, Gooden is woken up by her husband shoving her off the bed for no discernible reason. Despite her quick thinking and even quicker footsteps, her husband catches her, his sudden anger inexplicable. No words are exchanged. He begins to strangle her as he has done many times before. With unflinching vulnerability, Gooden outlines in painstaking detail what she had to do to walk away and how others can use her experiences to escape their own abuse, from skimming the grocery money, to squirreling away personal belongings, to navigating a domestic violence shelter. She offers strategies for overcoming the barriers survivors often face, such as money, housing, overcritical social circles, or, most powerfully: love. Uniquely compassionate when it comes to the heartbreak of still loving one's abuser, Gooden shares how she transformed and extended this love outward, using her story to encourage others to choose themselves. The voice and fire behind #WhyIStayed, Bev Gooden is exceptionally positioned to explore the many reasons victims stay in abusive relationships, and how they can muster the

resources and motivation to leave. Surviving is unlike any memoir of survivorship, given its nuance, compassion, and candor. Above all, it is an exquisitely powerful testament to Gooden's healing, survivorship, and dedication to helping others do the same.

If I Could Write You Into Life Rosie Phillips, 2024-02-02 Sometimes words are all we have. What could have been and what should have been sit starkly against what is and what was and all there will ever be. Sometimes a life is so short, and yet its impact so huge, that we wonder how it could ever be contained by time. Then we realise it isn't, for as long as we love those we have lost they live on in us. Every time they cross our minds, or when their names grace our lips, they enter another day. And if that's true, if we could write their names, if we carve them with ink into paper then just maybe, in some way or another, we could write them into life.

Little Detours and Spiritual Adventures Regina Brett, 2024-11-26 Just when you think you have it all figured out, life pulls a switcheroo on you. The road zigs when you zagged . . . your hopes and dreams hit a dead end . . . or you simply run out of gas and feel stranded on the highway of life. It could be a divorce, a diagnosis, or a death . . . or the hole that was your childhood pain reopens to swallow the joy around you. You feel empty and alone. But you are not alone. I wrote this book to

remind you of that. Someone has been there before you. My own detours? Unwed mother at 21. Recovering alcoholic at 25. Cancer survivor at 41. Alzheimer's caregiver to my mom. I still believe life is good even when it isn't fair. I believe every detour in life becomes a spiritual adventure to strengthen our soul and to better love ourselves, our lives, and everyone in it. This book shares my experiences and stories of other people who faced even bigger detours yet still created a life they love. It's about finding the awe in the awful, the mystery in the mistakes, the magic in the mess. The Universe led you to this moment, this detour, this book. I hope it comforts you, challenges you, and empowers you to choose love as a response to every life detour.

I'm Not a Mourning Person Kris Carr, 2023-09-19 From New York Times bestselling author Kris Carr, comes a transformational book about love, loss, and all the life-changing insights we receive when we embrace them. A few years ago, Kris Carr's world was falling apart. Her father was dying, she had to pivot her business because of the pandemic, and she was on the verge of reaching her twenty-year milestone of living with an incurable Stage IV cancer diagnosis. While sitting in a CVS parking lot, she broke down, finally allowing herself to feel the massive stress and sadness she had been suppressing in order to seem strong for those around her, and for herself. And then she asked herself, "If embracing my intense emotions helped me feel even the slightest bit better, why was I so determined to avoid them? And given how all-encompassing this hint of catharsis felt, where else in my life have I been avoiding grief?" In this book, Kris shares her (embarrassing, painful, helpful, hilarious, and sometimes inappropriate) stories and observations about what to expect when you're not expecting your world to fall apart. If your life has been turned upside down—whether it be the dissolving of a relationship or marriage, the end of a job or career, any other number of significant unexpected transitions. . . or, like Kris, you are wrestling with the pain that comes from an illness or the death of a loved one, this book is filled with real-life experiences, practices, and insights that can help you feel better—not cured—but better. It will provide comfort and community as you learn that these big messy emotions can be a catalyst to take inventory of your life, figure out what matters most, and reset. . . because as Kris says, "when we're brave enough to tend to our hearts: Our messy emotions can teach us how to be free—not free from pain, but free from the fear of pain and the barrier it creates to fully living."

The Unexpected Joy of the Ordinary Catherine Gray, 2019-12-26 **FROM THE SUNDAY TIMES BESTSELLING AUTHOR** 'Life-affirming' - THE TELEGRAPH 'Wonderful' - INDEPENDENT 'She made it her mission to learn how to be default happy rather than default disgruntled' - RADIO 4 - WOMAN'S HOUR 'Take a leaf out of Gray's book and be kinder to

yourself by appreciating life just as it is' - IRISH TIMES 'This book came to me in an hour of need - during lockdown when I had to focus on the positive, appreciate simple things, not lose my shit, and value each day. It was a pure joy for me and held my hand' - SADIE FROST 'Interesting and joyful. Lights a path that could help us to build resilience against society's urging to compare life milestones with peers' - LANCET PSYCHIATRY Underwhelmed by your ordinary existence? Disillusioned with your middlin' wage, average body, 'bijou' living situation and imperfect loved ones? Welcome to the club. There are billions of us. The 'default disenchanted'. But, it's not us being brats. Two deeply inconvenient psychological phenomena conspire against our satisfaction. We have negatively-biased brains, which zoom like doom-drones in on what's wrong with our day, rather than what's right. (Back in the mists of time, this negative bias saved our skins, but now it just makes us anxious). Also, something called the 'hedonic treadmill' means we eternally quest for better, faster, more, like someone stuck on a dystopian, never-ending treadmill. Thankfully, there are scientifically-proven ways in which we can train our brains to be more positive-seeking. And to take a rest from this tireless pursuit. Whew. Catherine Gray knits together illuminating science and hilarious storytelling, unveiling captivating research showing that big bucks don't mean big happiness, extraordinary experiences have a 'comedown' and budget weddings predict a lower chance of divorce. She reminds us what an average body actually is, reveals that exercising for weight loss means we do less exercise, and explores the modern tendency to not just try to keep up with the Murphys, but keep up with the Mega-Murphies (see: the social media elite). Come on in to this soulful and life-affirming read, to discover why an ordinary life may well be the most satisfying one of all.

Your Turn Julie Lythcott-Haims, 2021-04-06 New York Times bestselling author Julie Lythcott-Haims is back with a groundbreakingly frank guide to being a grown-up What does it mean to be an adult? In the twentieth century, psychologists came up with five markers of adulthood: finish your education, get a job, leave home, marry, and have children. Since then, every generation has been held to those same markers. Yet so much has changed about the world and living in it since that sequence was formulated. All of those markers are choices, and they're all valid, but any one person's choices along those lines do not make them more or less an adult. A former Stanford dean of freshmen and undergraduate advising and author of the perennial bestseller *How to Raise an Adult* and of the lauded memoir *Real American*, Julie Lythcott-Haims has encountered hundreds of twentysomethings (and thirtysomethings, too), who, faced with those markers, feel they're just playing the part of "adult," while struggling with anxiety, stress, and general unease. In *Your Turn*, Julie offers compassion, personal experience, and practical strategies for living a more authentic adulthood, as well as inspiration through interviews with dozens of voices from the rich diversity of the human population who have successfully launched their adult lives. Being an adult, it turns out, is not about any particular checklist; it is, instead, a process, one you can get progressively better at over time—becoming more comfortable with uncertainty and gaining the knowhow to keep going. Once you begin to practice it, being an adult becomes the most complicated yet also the most abundantly rewarding and natural thing. And Julie

Lythcott-Haims is here to help readers take their turn.
