The Wolf of Wall Street (Movie Tie-in Edition) Jordan Belfort, 2013-11-26 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Martin Scorsese and starring Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sank a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids waiting at home and the fast-talking, hard-partying young stockbrokers who called him king, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called the Wolf of Wall Street. In the 1990s, Belfort became one of the most infamous kingpins in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power, and excess that no one could invent: the tale of an ordinary guy who went from hustling Italian ices to making hundreds of millions—until it all came crashing down. Praise for *The Wolf of Wall Street* “Raw and frequently hilarious.”—The New York Times “A rollicking tale of [Jordan Belfort's] rise to riches as head of the infamous boiler room Stratton Oakmont . . . proof that there are indeed second acts in American lives.”—Forbes “A cross between Tom Wolfe's *The Bonfire of the Vanities* and Scorsese's *GoodFellas* . . . Belfort has the Midas touch.”—The Sunday Times (London) “Entertaining as pulp fiction, real as a federal indictment . . . a hell of a read.”—Kirkus Reviews

The Corn Wolf Michael Taussig, 2015-12-02 Collecting a decade of work from iconic anthropologist and writer Michael Taussig, *The Corn Wolf* pinpoints a moment of intellectual development for the master stylist, exemplifying the “nervous system” approach to writing and truth that has characterized his trajectory. Pressured by the permanent state of emergency that imbues our times, this approach marries storytelling with theory, thickening spiraling analysis with ethnography and putting the study of so-called primitive societies back on the anthropological agenda as a way of better understanding the sacred in everyday life. The leading figure of these projects is the corn wolf, whom Wittgenstein used in his fierce polemic on Frazer's *Golden Bough*. For just as the corn wolf slips through the magic of language in fields of danger and disaster, so we are emboldened to take on the widespread culture of academic—or what he deems “agribusiness”—writing, which strips ethnography from its capacity to surprise and connect with other worlds, whether peasant farmers in Colombia, Palestinians in Israel, protestors in Zuccotti Park, or eccentric yet fundamental aspects of our condition such as animism, humming, or the acceleration of time. A glance at the chapter titles—such as “The Stories Things Tell” or “Iconoclasm Dictionary”—along with

his zany drawings, testifies to the resonant sensibility of these works, which lope like the corn wolf through the boundaries of writing and understanding.

Bloodthirsty Bitches and Pious Pimps of Power Gerry Spence, 2007-10-30 Ann Coulter. Laura Ingraham. Nancy Grace. Bill O'Reilly. Sean Hannity. Pat Robertson. Their faces and voices are ubiquitous: the shrill shrieks and strident bellowings that drown out all debate and set every listener on edge, using God's and Jesus's names to justify oppression and ignorance, and spread falsehoods as if they were facts. They occupy the bully pulpit of the new American hate culture: the television and radio programs watched and heard by millions of people that shape the opinions and set the agendas of churches, school boards, political action groups, and ultimately those we have elected to represent all of us. Gerry Spence takes dead aim at the media demagogues who wield their power with such virulent effect. Using the full force of his own rhetorical skill—developed through decades as a legendary defense attorney—Spence exposes the people behind the words, and carves their arguments with the rough edge of his tongue. Anyone who has had it up to here will cheer to see these bullies met and conquered on their own turf.

Palisades Robert O. Binnewies, 2021-05-11 How the famous and not-so-famous like-minded citizens all gave their time, expertise, and money to build a park legacy of incomparable benefit The Palisades park and historic site system in New York and New Jersey is a significant anchor-point for the spread of national and state parks across the nation. The challenge to protect these treasures began with a brutal blast of dynamite in the late nineteenth century and continues to this day. Palisades: The People's Park presents the story of getting from zero protected acres to the rich tapestry that is today's Palisades park system, located in the nation's most densely populated metropolitan region. This is an account of huge determination, moments of crisis, caustic resistance to the very idea of conservation, glorious philanthropy, a steep learning curve, and responsibilities for guardianship passed with care from one generation to the next. Despite the involvement of

men of great wealth and fame from its earliest beginnings, the Palisades Interstate Park Commission faced an early and ongoing struggle to arrange financial support from both the New York and New Jersey state governments for a park that would cross state lines. The conflicts between developers and conservationists, industrialists and wilderness enthusiasts, with their opposing views regarding the uses of natural resources required the commissioners of the PIPC to become skilled negotiators, assiduous fundraisers, and savvy participants in the political process. The efforts to create Palisades Interstate Park was prodigious, requiring more than 1,000 real estate transactions to establish Sterling Forest, to save Storm King Mountain, to preserve Lake Minnewaska, to protect Stony Point Battlefield and Washington's headquarters, to open Bear Mountain and Harriman state parks, and to add the other sixteen parks to the Palisades Interstate Park System. Beginning with the efforts of Elizabeth Vermilye of the New Jersey Federation of Women's Clubs, who enlisted President Theodore Roosevelt's support to stop the blasting and quarrying of Palisades rock, author Robert Binnewies traces the story of the famous, including J. P. Morgan, the Rockefellers, and the Harrimans, as well as the not-so-famous men and women whose donations of time and money led to the preservation of New York and New Jersey's most scenic and historic lands. The park experiment, begun in 1900, still stands as a dynamic model among the nation's major environmental achievements.

A Blossoming Spring Romance ID Johnson, Love is in bloom in the small town of Charles Town, West Virginia. Sophie Chambers is happy for all of her friends who have recently found love, but she is too busy working as a dental hygienist for cranky old Dr. Mitchells, and helping with the children's Easter program at church, to go looking for the man of her dreams. When Dr. Mitchells announces his retirement, Sophie just prays that his replacement will be someone nice. She gets much more than she bargains for when handsome Dr. Zach Kemper takes over the practice. Will their relationship bloom into something more, or will Sophie have to settle for being the doctor's employee and friend? Dr. Zach Kemper relocates to Charles Town to escape the memories of his wife who lost her life in a tragic accident a few years ago. He's not looking for

love, but Sophie certainly catches his eye. However, she works for him, and he isn't sure dating an employee is the best idea. Will the new doctor find a spring romance? This is the sixth novel in the Heartwarming Holidays Sweet Romance series. Each novel follows the relationship of a different couple, so it isn't necessary to read all of the books in order, though each book mentions previous couples. This is a contemporary romance with Christian themes, sure to be inspiring any time of year.
