

Where The Boys Are Song

J. Blumtal

Which Side Are You On? James Sullivan, 2018-12-03 When he emerged from the nightclubs of Greenwich Village, Bob Dylan was often identified as a protest singer. As early as 1962, however, Dylan was already protesting the label: I don't write no protest songs, he told his audience on the night he debuted Blowin' in the Wind. Protest music is largely perceived as an unsubtle art form, a topical brand of songwriting that preaches to the converted. But popular music of all types has long given listeners food for thought. Fifty years before Vietnam, before the United States entered World War I, some of the most popular sheet music in the country featured anti-war tunes. The labor movement of the early decades of the century was fueled by its communal songbook. The Civil Rights movement was soundtracked not just by the gorgeous melodies of Strange Fruit and A Change Is Gonna Come, but hundreds of other gospel-tinged ballads and blues. In *Which Side Are You On*, author James Sullivan delivers a lively anecdotal history of the progressive movements that have shaped the growth of the United States, and the songs that have accompanied and defined them. Covering one hundred years of social conflict and progress across the twentieth century and into the early years of the twenty-first, this book reveals how protest songs have given voice to the needs and challenges of a nation and asked its citizens to take a stand--asking the question Which side are you on?

Don Kirshner Rich Podolsky, 2012-02-01 (Book). In 1958, long before he created and hosted Don Kirshner's Rock Concert, the most dynamic rock-and-roll series in television history, before he developed the Monkees and created the Archies, Don Kirshner was a 23-year-old kid with just a dream in his pocket. Five years later he was the prince of pop music. He did it by building Aldon Music, a song publishing firm, from scratch. This is about how he did it with teenage discoveries Bobby Darin, Carole King, Neil Sedaka, and more. By 1960, at the ripe old age of 25, Kirshner had built the most powerful publishing house in the business, leading Time magazine to call him the Man with the Golden Ear. In five short years he coaxed and guided his teenage prodigies to write more than 200 hits. And they weren't just hits, as it turned out, but standards including On Broadway, Will You Love Me Tomorrow, Up on the Roof, Breaking Up Is Hard to Do, I Love How You Love Me, Who Put the Bomp, and The Locomotion songs that have become the soundtrack of a generation. We weren't trying to write standards, said one songwriter. We were just trying to please Donnie.

Risky Business William D. Romanowski, 2017-07-28 The role of motion pictures in the popularity of rock music became

increasingly significant in the latter twentieth century. Rock music and its interaction with film is the subject of this significant book that re-examines and extends Serge Denisoff's pioneering observations of this relationship. Prior to Saturday Night Fever rock music had a limited role in the motion picture business. That movie's success, and the success of its soundtrack, began to change the silver screen. In 1983, with Flashdance, the situation drastically evolved and by 1984, ten soundtracks, many in the pop/rock genre, were certified platinum. Choosing which rock scores to discuss in this book was a challenging task. The authors made selections from seminal films such as The Graduate, Easy Rider, American Graffiti, Saturday Night Fever, Help!, and Dirty Dancing. However, many productions of the period are significant not because of their success, but because of their box office and record store failures. Risky Business chronicles the interaction of two major mediums of mass culture in the latter twentieth century. This book is essential for those interested in communications, popular culture, and social change.

The Butterfly Kiss Logan Wes, 2017-03-06 The Butterfly Kiss by Logan Wes Logan Wes spent part of his childhood in an orphanage. From 1967 to 1971, he served honorably in the US Air Force, based in Thailand. Along the way, he earned a 1st degree black belt in Karate and brown belt in Tae Kwon Do.

Folk Songs of the Southern Appalachians as Sung by Jean Ritchie Jean Ritchie, 1997-03-06 This new edition has faithfully retained all seventy-seven line scores of the songs and added four new ones, Loving Hannah, Lovin' Henry, Her Mantle So Green, and The Reckless and Rambling Boy. The original headnotes and photographs tell the history of the song as well as how it became a part of the family's life. Chords are indicated for accompaniment; however, music notation and the printed word can present only a reasonable facsimile of any actual song.

Pure Flame Michelle Orange, 2021-06-01 Rich and moving . . . Pure Flame may be Orange's legacy. It is already her gift. —Maggie Doherty, The New York Times (Editors' Choice) During one of the texting sessions that became our habit over the period I now think of as both late and early in our relationship, my mother revealed the existence of someone named Janis Jerome. So begins Michelle Orange's extraordinary inquiry into the meaning of maternal legacy—in her own family and across a century of seismic change. Jerome, she learns, is one of her mother's many alter egos: the name used in a case study, eventually sold to the Harvard Business Review, about her mother's midlife choice to leave her husband and children to pursue career opportunities in a bigger city. A flashpoint in the lives of both mother and daughter, the decision forms the heart of a broader exploration of the impact of feminism on what Adrienne Rich called "the great unwritten story": that of the mother-daughter bond. The death of Orange's maternal grandmother at nearly ninety-six and the fear that her mother's more "successful" life will not be as long bring new urgency to her questions about the woman whose absence and anger helped shape her life. Through a blend of memoir, social history, and cultural criticism, Pure Flame pursues a chain of personal, intellectual, and collective inheritance, tracing the forces that helped transform the world and what a woman might expect

from it. Told with warmth and rigor, Orange's account of her mother's life and their relationship is pressurized in critical and unexpected ways, resulting in an essential, revelatory meditation on becoming, selfhood, freedom, mortality, storytelling, and what it means to be a mother's daughter now.

Coming of Age in Popular Culture Donald C. Miller, 2018-10-25 Documenting the evolution of teens and media from the 1950s through 2010, this book examines the films, books, television shows, and musical artists that impacted American culture and shaped the coming of age experience for each generation. The teenage years are fraught with drama and emotional ups and downs, coinciding with bewildering new social situations and sexual tension. For these reasons, pop culture and media have repeatedly created entertainment that depicts, celebrates, or lampoons coming of age experiences, through sitcoms like *The Wonder Years* to the brat pack films of the 1980s to the teen-centered television series of today. *Coming of Age in Popular Culture: Teenagers, Adolescence, and the Art of Growing Up* covers a breadth of media presentations of the transition from childhood to adulthood from the 1950s to the year 2010. It explores the ways that adolescence is characterized in pop culture by drawing on these representations, shows how powerful media and entertainment are in establishing societal norms, and considers how American society views and values adolescence. Topics addressed include race relations, gender roles, religion, and sexual identity. Young adult readers will come away with a heightened sense of media literacy through the examination of a topic that inherently interests them.

Indian Games and Dances with Native Songs Alice Cunningham Fletcher, 1994-01-01 One day Alice C. Fletcher realized that unlike my Indian friends, I was an alien, a stranger in my native land. But while living with the Indians and pursuing her ethnological studies she felt that the plants, the trees, the clouds and all things had become vocal with human hopes, fears, and supplications. This famous statement comes directly from the preface of this book and was later etched on her tombstone. I have arranged these dances and games with native songs in order that our young people may recognize, enjoy and share in the spirit of the olden life upon this continent, she wrote. *Indian Games and Dances with Native Songs* is a collection that conveys the pleasure and meaning of music and play and rhythmic movement for American Indians. Many of the activities here described are adapted from ceremonials and sports. Included is a drama in five dances celebrating the life of corn. *Calling the Flowers* is an appeal to spirits dwelling underground to join the dancers. Still another dramatic dance, with accompanying songs, petitions clouds to leave the sky. The Festival of Joy, an ancient Omaha ceremony, is centered on a sacred tree. In the second part Indian ball games and games of hazard and guessing are set forth, as well as the popular hoop and javelin game. Fletcher closes with a section on Indian names. Alice C. Fletcher, the foremost woman anthropologist in the United States in the nineteenth century, is also the author, with Francis La Flesche, of *A Study of Omaha Indian Music* and the two-volume *Omaha Tribe*. Both titles are available as Bison Books. Helen Myers is the coauthor of *Folk Music in the United States: An Introduction*.

Gemini and the Sacred Kimberley C. Patton,2022-10-06 Why do twins remain uncanny to those born alone-in other words, most of us? Even with the rise of IVF and an increase in multiple births, why do we still do “a double take” when we encounter twins? Why has this been a near-universal response throughout human history, and how has it played out in religion and myth? Through the work of leading scholars in religion, folklore and mythology, history, anthropology, and archaeology, Gemini and the Sacred explores how twinship has long been imagined, especially in the complex relationship of sacred twin traditions to “twins on the ground” in biology and lived experience. The book considers the multiple ways in which the “doubling” of a human being may be interpreted as auspicious and powerful-or suppressed as unstable and dangerous. Why has this been so and how does it affect living twins today? Treating both famous and lesser-known twins-including supernatural animal twins-in the ancient Near Eastern and classical Mediterranean worlds; early Christianity and Gnosticism; Vedic, Hindu, West African, Black Atlantic, and native American traditions; ancient Mesoamerica, Celtic Roman Britain, and Scandinavia; and in the special, fraught bond shared by all twins, the book offers a variety of perspectives on this topic of great cultural significance.

The Literary Digest Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,Arthur Stimson Draper,Wilfred John Funk,1917

An Avid's Guide to Sixties Songwriters Peter Dunbavan,2017-02-28 An essential reference book for sixties music lovers, this encyclopedic overview includes detailed chart statistics and biographical information for eighty songwriters and covers around two thousand songs, some of which are among the greatest ever written.

Voices from the Small Stage Jeffrey Ross,2024-07-06 Performing live music in front of an audience is fun and rewarding. These stories give the reader a behind-the-scenes look at what we think it ultimately takes to become a popular and successful local musician—and why we enjoy music. In this compilation of memoirs and narratives, several musicians talk about their backgrounds, their motivations, their aspirations, and their successful and not-so-successful experiences. Think of it. Musicians are performing in your town, somewhere, probably right now, as you read this. Country bands, rock groups, jazz ensembles, community bands, solo acts, duets- they’re all good and they all love interaction with friends and fans. Live music is such a great part of the American experience. “Voices from the Small Stage” reveals our part in local music history.

The Girls Next Door Kara Dixon Vuic,2019-02-01 To boost soldiers’ morale and remind them of the stakes of victory, the American military formalized a recreation program that sent respectable young women, along with famous entertainers,

overseas. This history of the women who talked and listened, danced and sang, adds an intimate chapter to the story of war and its ties to life in peacetime.
