Building on a Common Foundation Brian R. Talbot,2021-04-12 In the second half of the nineteenth century Scottish Baptists like other Evangelical Protestant denominations were focusing more on things they had in common, such as a commitment to home evangelization and church-planting; providing a common fund to assist small and struggling congregations; the provision of theological education for the training of prospective pastors, together with the need to disseminate information between the churches concerning their progress in the work of the gospel. From the start of this Baptist Union in 1869 the numbers of churches and members grew steadily until 1935. It was a remarkable story of dedicated Christian service. Scottish Baptists came through two world wars, the social revolution of the 1960s, and the materialistic emphases of the 1980s with a significant degree of success in adapting their evangelistic activities to relate to their social context. There is little doubt that from the late 1980s the growing secularization in this country ensured that mission strategies adopted by these Scottish Christians were less successful than in previous decades. However, a revitalization of its work in the early years of the twenty-first century has given renewed grounds for hope for its work and witness in the coming years.

A Distinctive People Brian R. Talbot,2014-10-07 A Distinctive People is the first detailed academic study of some important themes amongst Baptists in Scotland in the twentieth century. The authors, specialists in their field, evaluate aspects of the history of Baptists with critical and academic awareness--attitudes to war and pacifism, the influence of the charismatic movement, involvement in social action, contributions to ecumenical relations, the logical influences on Baptists, home mission, key leaders within the denomination, men and women, both those ordained to pastoral ministry and lay-people. This book is bound to be a seminal study of this subject for years to come.

The Origins of the Baptist Movement Among the Hungarians George Alex Kish,2011-12-09 This study of the origins of the Baptist movement among the Hungarians examines the two attempts to establish a sustained Baptist mission in the Kingdom of Hungary during the nineteenth century: the first unsuccessful attempt begun in 1846 and the second attempt begun in

1873, which resulted in a sustained Baptist presence in Hungary.

On the Edge Albert W. Wardin,2013-10-28 How indigenous was the Evangelical Free Church movement in Tsarist Russia? Was it simply a foreign import? To what extent did it threaten the political stability of the nation and encroach upon the existing Russian and German churches? On the Edge examines the efforts of the regimes to suppress the movement and how the movement not only survived but also expanded. To what extent did the movement bring upon itself unnecessary opposition because of aggressiveness and tactics? Albert Wardin describes the contributions the movement made to the religious life of Russia and examines its numerical success.
