Cold War Correspondent (Nathan Hale's Hazardous Tales #11) Nathan Hale, 2021-10-26 Discover the Korean War through the eyes of the journalist who covered it in this installment of the New York Times bestselling graphic novel series. In 1950, Marguerite Higgins (1920-1966) was made bureau chief of the Far East Asia desk for the New York Herald Tribune. Tensions were high on the Korean peninsula, where a border drawn after WWII split the country into North and South. When the North Korean army crossed the border with Soviet tanks, it was war. Marguerite was there when the Communists captured Seoul. She fled with the refugees heading south, but when the bridges were blown over the Han River, she was trapped in enemy territory. Her eyewitness account of the invasion was a newspaper smash hit. She risked her life in one dangerous situation after another—all for the sake of good story. Then she was told that women didn't belong on the frontlines. The United States Army officially ordered her out of Korea. She appealed to General Douglas MacArthur, and he personally lifted the ban on female war correspondents, which allowed her the chance to report on many of the major events of the Korean War. Nathan Hale's Hazardous Tales are graphic novels that tell the thrilling, shocking, gruesome, and TRUE stories of American history. Read them all—if you dare!

"These books are, quite simply, brilliant. . . . Thrilling, bloody, action-packed stories from American history." —New York Times In 1914, the world's biggest countries (and some of its smallest, too) were gearing up for a massive fight. Land, history, geography—each country went to war for different reasons and with different resources. But most ended up the same: sending their young men to fight for their lives in the mud, on the sea, and in the air, in a conflict that would eventually claim more than nine million lives. World War I, "The Great War," or "The War to End All Wars," was fought along thousands of miles of frontline trenches, with mechanized weapons, and dangerous new weapons like machine guns and mustard gas. It left behind a world that was scarred, angry, and traumatized. Its horrifying lessons are still being examined today. Nathan Hale's Hazardous Tales! Read them all—if you dare! "These books are, quite simply, brilliant. . . . Thrilling, bloody, action-packed stories from American history." —New York Times Presented in the author's instantly recognizable artistic and storytelling style, this colorful, exciting book of history for kids starts with a brief explanation of the events leading up to World War II and then describes the bombing of Pearl Harbor from both the Japanese and American points of view. The American response was a super-secret counterattack organized by stunt pilot Jimmy Doolittle. Just four months after Pearl Harbor, American crews would launch sixteen B-25 bombers from the aircraft carrier USS Hornet to drop bombs on the Japanese capital Tokyo and then fly to safety in China. Everything about the mission was as dangerous as it was secret. B-25s were not designed to take off from an aircraft carrier. Japan had formidable air defenses. There was no way to plan for landing in China or returning safely to America. The Doolittle Raid, as it became known, went down in military history as one of the most creative and

harrowing missions of World War II. The pilots and crews became American heroes. Nathan Hale's Hazardous Tales! Read them all—if you dare! From deep in the mud and blood of the Western Front, these young volunteers looked to the sky and saw the future—the airplane. Sixteen bombers set sail on the US's first aircraft carrier. Once at sea, they were told their mission was a retaliation strike against targets in Tokyo. But on the day of the raid, a Japanese patrol boat spotted them, and they had to launch early with barely enough fuel to get them past their target. After the bombing, some
