We are the Champions: The Politics of Sports and Popular Music Ken McLeod,2016-02-11 Sports and popular music are synergistic agents in the construction of identity and community. They are often interconnected through common cross-marketing tactics and through influence on each other's performative strategies and stylistic content. Typically only studied as separate entities, popular music and sport cultures mutually 'play' off each other in exchanges of style, ideologies and forms. Posing unique challenges to notions of mind - body dualities, nationalism, class, gender, and racial codes and sexual orientation, Dr Ken McLeod illuminates the paradoxical and often conflicting relationships associated with these modes of leisure and entertainment and demonstrates that they are not culturally or ideologically distinct but are interconnected modes of contemporary social practice. Examples include how music is used to enhance sporting events, such as anthems, chants/cheers, and intermission entertainment, music that is used as an active part of the athletic event, and music that has been written about or that is associated with sports. There are also connections in the use of music in sports movies, television and video games and important, though critically under-acknowledged, similarities regarding spectatorship, practice and performance. Despite the scope of such confluences, the extraordinary impact of the interrelationship of music and sports on popular culture has remained little recognized. McLeod ties together several influential threads of popular culture and fills a significant void in our understanding of the construction and communication of identity in the late twentieth and early twenty-first centuries.

All the Right Notes Dominic Lim,2023-06-06 Sparks fly when a piano genius and a Hollywood heartthrob are thrown together for a charity performance in this “swoony, joyful rom-com” (Entertainment Weekly). Quito Cruz is a genius piano player and composer with Broadway dreams, but he’s not quite there yet. The problem is that, ever since that night in college, his inspiration—pretty-boy jock Emmet Aoki—has been completely MIA. Now Quito’s dad wants him to put on a

charity performance in his hometown. And there's one hell a big string attached: convince Emmett—now one of Hollywood's hottest celebrities—to perform. It's all shaping up to be the biggest musical fiasco of Quito's life. Especially when Emmett agrees to attend, and Quito realizes that the undeniable vibe between them is stronger than ever. Because there's nothing simple about falling for a movie star . . . even when he's pitch-perfect. Six Irish Folksongs - Sheet Music for Soprano, Alto, Tenor, Bass and Piano - Words by Thomas Moore - Op. 78
Charles Villiers Stanford,Thomas Moore,2020-07-14 Sir Charles Villiers Stanford (1852 - 1924) was an Irish composer, conductor, and teacher of music. He was educated at the University of Cambridge and continued his studies in Berlin and Leipzig. He was a very influential composer, responsible for making Cambridge University Musical Society an internationally-acclaimed organisation. Stanford was also a profuse composer, producing a large corpus of work in many genres; however, he is perhaps best remembered for his Anglican choral works for church performance. His music eventually became overshadowed by that of Edward Elgar and a number of his former pupils in the 20th century. This volume contains the original sheet music for six Irish folk-songs, composed by Stanford and written by Sir Thomas Moore. They include: "Oh! Breathe Not His Name", "What the Bee is to the Flow'ret", "At the Mid Hour of Night", "The Sword of Erin", "It is Not the Tear", and "Oh, The Sight Entrancing". The music is for alto, tenor, bass and piano. Many vintage books such as this are becoming increasingly scarce and expensive. We are republishing this volume now in a modern, high-quality edition complete with a specially commissioned new introduction on the history of musical notation.

Confederate Sheet Music E. Lawrence Abel,2015-06-14 During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, The South must not only fight her own battles but sing her own songs and dance to music composed by her own children. Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.
