Women in Islam Anne-Sofie Roald,2003-09-02 Women in Islam investigates the ongoing debate across the Muslim world and the West on the position of women in Islam. Anne-Sofie Roald focuses on how Islamic perceptions of women and gender change in Western Muslim communities. She shows how Islamic attitudes towards social concerns such as gender relations, female circumcision, and female dress emerge as responsive to culture and context, rather than rigid and inflexible.

Islam, Women's Sexuality and Patriarchy in Indonesia Irma Riyani,2020-11-26 This book explores the intimate marital relationships of Indonesian Muslim married women. As well as describing and analysing their sexual relationships, the book also investigates how Islam influences discourses of sexuality in Indonesia, and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual relationships with their husbands. Based on extensive original research, the book reveals that Muslim women perceive marriage as a social, cultural, and religious obligation that they need to fulfil; that they realise that finding an ideal marriage partner is complicated, with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage; and that there is a strong tendency, with some exceptions, for women to consider a sexual relationship in marriage as their duty and their husband's right. Religious and cultural discourses justify and support this view and consider refusal a sin (dosa) or taboo (pamali). Both discourses emphasise obedience towards husbands in marriage.

violation or as female circumcision, a traditional cultural practice in some African and Islamic countries. Bible versus Quran David Alalade,2015-12-23 This special edition volume unites the author's boldly original and critically well-received Twin Books, 'Holy Bible Holy Koran I and II', to present the author's compelling vision as originally intended, and under its first and formerly rejected title, 'Bible vs Quran'. The two most celebrated books of all time; the Holy Bible and the Noble Quran, are revealed here in a fascinating and undeniably unique point of view. The brilliant delivery of his approach applies a strikingly overt side-by-side perspective of the legendary books and uncovers a collection of testimonies, commandments, and startling revelations, that aim to remedy and resolve the issues that matter most; a from our daily bread, and the people we love, hurt, sex, and murder, to the sinister and dysfunctional qualities of the human condition. This volume also includes a bonus chapter; 'Sympathy For The Samaritan'.

Sexual Ethics and Islam Kecia Ali,2016-01-07 Whether exploring the thorny issues of wives' sexual duties, divorce, homosexuality, or sex outside marriage, discussions of sexual ethics and Islam often spark heated conflict rather than reasoned argument. In this updated and expanded edition of her ground-breaking work, feminist Muslim scholar Dr Kecia Ali asks how one can determine what makes sex lawful and ethical in the sight of God. Drawing on both revealed and interpretative Muslim texts, Ali critiques medieval and contemporary commentators alike to produce a balanced and comprehensive study of a subject both sensitive and urgent, making this an invaluable resource for students, scholars, and interested readers.

Towards Applying Socio-Historical Semiotic Approach Hebatalla Omar,2025-06-02 Gender representation is a critical element of culture that is a key to understanding any society. 'Media' is an element closely related to gender representation. The terms 'gender' and 'media' are modern, but the concepts and symbols associated with them are not new.

This book explores these ideas through a cross-cultural study of gender representation in Egypt and Japan. The book presents Socio-historical Semiotic approach. First, the book analyses modern media discourses related to the issue of female circumcision. Then, considering media from the past, the book deals with gender representation in two examples of popular literature (The Tale of the Heike and Srat al-Amrah Dht al-Himmah. These two literary works belong to the literature of war and include a historical character, thus placing them in realist literature. The book explores the two cases within their historical and cultural contexts, tracing how past and present gendered discourse systems and dynamics are similar or dissimilar within different contexts. The book aims to clarify the mechanisms and factors that shape gender representation discourses in the past and the present, as well as how these mechanisms and factors intersect. Moreover, the book seeks to deduce the semiotic sources that reflect these mechanisms and factors to contribute to developing a socio-historical semiotic analysis.

The Rights of Women in Islam H. Jawad,1998-06-30 It has been argued that Islam liberated Muslim women by granting them full rights as citizens. Yet in reality we see that women have long been subjected to both cultural and political oppression. Instances such as forced marriages are sadly common in the Muslim World, as are restrictions on education and on their role in the labour force.

A Bibliography of Islamic Criminal Law, Supplement Olaf Köndgen,2024-07-15 The present work supplements the original volume of A Bibliography of Islamic Criminal Law, the most extensive bibliography on Islamic criminal law ever compiled. Drawing on a multitude of sources online and offline this bibliography covers in its thematic section not only the classical crime categories of ḥudūd, qiṣāṣ and ta'zīr but also a large number of newly emerging and related fields. In a second section, dedicated to countries, eras and institutions Olaf Köndgen comprehensively covers the historical and modern application of Islamic criminal law in all its forms. Unlocking the richness of this sub-field of Islamic law, also with the help of two detailed indices, this innovative reference work is highly relevant for all those researching Islamic law in general and the application of Islamic criminal law over time in particular.

Gender and Sexuality in Muslim Cultures Gul Ozyegin,2016-03-09 A must-read for anyone interested in Muslim cultures, this volume not only explores Muslim identities through the lens of sexuality and gender - their historical and contemporary transformations and local and global articulations - but also interrogates our understanding of what constitutes a 'Muslim' identity in selected Muslim-majority countries at this pivotal historical moment, characterized by transformative destabilizations in which national, ethnic, and religious boundaries are being re-imagined and re-made. Contributors take on the most fundamental questions at the intersections of gender, sexuality, and the body. Several overarching questions frame the volume: How does studying gender and sexuality expand and enrich our understanding of Muslim-majority countries, historically and at present? How does the embodiment of 'Muslim' identity get reconfigured in the context of twenty-first-

century globalism? What analytical questions are raised about 'Islam' when its diverse meanings and multifaceted expressions are closely examined? What roles do gender and sexuality play in the construction of cultural, religious, nationalistic, communal, and militaristic identities? How have power struggles been signified in and on the bodies of women and sexuality? How have global dynamics, such as the intensification and spread of neoliberal ideologies and policies, affected changing dynamics of gender and sexuality in specific locales? Here global dynamics touch down in diverse contexts, from masculinity crises around war disabilities, transnational marriages, and fathering in Turkey, Egypt, and Pakistan; to Muslim femininity narratives around female genital cutting, sexuality in divorce proceedings, and spouse selection; to gender crossing practices as well as protesting bodies, queering voices, and claims of authenticity in literary and political discourse. This book brings exciting research on these and other topics together in one place, allowing the essa

Muslim Communities in Australia Shahram Akbarzadeh, Abdullah Saeed, 2001 This book highlights the complex human diversity presented by Australia's Muslims, as well as their distinctive contribution and the challenges they pose to a still-evolving Australian multiculturalism. Muhammad: the Demon Possessed False Prophet of Islam Jamaal Williams, 2024-04-01 "Woe is me poet or possessed..." — Muhammad Could it be that one of the most influential men in history was manipulated by satanic powers? It's time to unveil the many unsavory truths about the founder of Islam, Muhammad, drawn directly from Islamic sources. The prophet of Islam was arguably demon-possessed or severely demonically influenced. Muhammad's prophetic career began with an encounter with a spirit entity in the cave of Hira. Islamic literature states that the alleged angel, Gabriel, manhandled and abused him, leaving him terrorized, suicidal, and in a state of madness. This encounter alone should raise red flags. Moreover, Islamic texts report that Muhammad was under a black magic spell, uttered the words of Satan in the infamous "Satanic Verses" event, and had a demonic spirit guide or familiar spirit. Again, this is all coming from Islamic texts! Additionally, Muhammad and many of his contemporaries believed he was demon-possessed. Indeed, he experienced many strange physical manifestations such as twitching, foaming at the mouth, convulsing, roaring, or snorting like a camel that was falsely believed to be "divine inspirations" from the supposed angel Gabriel and/or Allah. These disturbing accounts form the basis of our e-book, which gives an uncensored and uncompromised look at Muhammad and the religion he founded, Islam. The content of Islamic texts is shocking, appalling, and downright disturbing. Much of such information is not even

known to educated Muslims. Nothing is held back when Muhammad's deplorable morality is scrutinized. Would God, who is righteous and holy, work behind a person who sanctioned many atrocious acts and practices—child marriage, wife beating, assassinations, torture, and sex slavery? Was Muhammad a perfect example for mankind, as many Muslims believe, when Islamic sources document actions that many today would describe as cruel, discriminatory, oppressive, and tyrannical? What is also covered is his controversial consummation of marriage to a 9-year-old girl named Aisha at the age of 54. What spirit was moving behind Muhammad to practice what many today would consider to be gross crimes against humanity? This e-book has a wealth of evidence that Muhammad was indeed demon-possessed and thus should be considered a false prophet of God. We thoroughly examine the idea of him being demonically influenced using over 1,000 direct quotations (all hyperlinked directly to the source) from the most authoritative Islamic sources (the Quran, authentic hadiths, tafsirs, sirah literature, etc.). The idea that the enemy manipulated Muhammad is not the conclusion of a mere layman in demonology but of someone with many years of experience in deliverance ministry (i.e., expelling demons out of people by the power and authority of Jesus). With this expertise, the e-book uncovers not only the evidence but also the broader implications: What would be the purpose of Satan using Muhammad? One reason is to blind people's minds from believing the Gospel—that Jesus is the only-begotten Son of God who died on the cross for the sins of the world and was resurrected. Without the belief in the Gospel, there is no salvation. This analysis serves a critical purpose for all truth-seekers. It is a great resource for those involved in Christian apologetics and polemics, with many references refuting the religion of Islam.

The Routledge Handbook of Islam and Gender Justine Howe, 2020-11-09 Given the intense political scrutiny of Islam and Muslims, which often centres on gendered concerns, *The Routledge Handbook of Islam and Gender* is an outstanding reference source to key topics, problems, and debates in this exciting subject. Comprising over 30 chapters by a team of international contributors the Handbook is divided into seven parts: Foundational texts in historical and contemporary contexts Sex, sexuality, and gender difference Gendered piety and authority Political and religious displacements Negotiating law, ethics, and normativity Vulnerability, care, and violence in Muslim families Representation, commodification, and popular culture These sections examine key debates and problems, including: feminist and queer approaches to the Qur'an, hadith, Islamic law, and ethics, Sufism, devotional practice, pilgrimage, charity, female religious authority, global politics of feminism, material and consumer culture, masculinity, fertility and the family, sexuality, sexual rights, domestic violence, marriage practices, and gendered representations of Muslims in film and media. *The Routledge Handbook of Islam and Gender* is essential reading for students and researchers in religious studies, Islamic studies, and gender studies. Women Under Islam Christina Jones-Pauly, Abir Dajani Tuqan, 2011-04-30 How Islam treats women is one of the most

hotly contested questions of our times. Islamic law is often misrepresented as a single monolithic concept, rather than a collection of different interpretations and practices. To move the debate on Islamic law and gender forward, it is necessary to establish how Islamic law actually operates. This groundbreaking work explores what conditions sustain the most liberal interpretation of Islamic law on gender issues. It examines the different interpretations, histories and practices of Islamic law in different countries. It finds that the political independence of judicial institutions is a far more important factor than the relative conservatism of the society. This wide-ranging book will provide new insights not only for those studying law and gender, but for anyone with an interest in Islamic societies.
