By Any Other Name Jodi Picoult, 2025-08-19 AN INSTANT #1 NEW YORK TIMES BESTSELLER From the #1 New York Times bestselling author, an “inspiring” (Elle) novel about two women, centuries apart—one of whom is the real author of Shakespeare’s plays—who are both forced to hide behind another name. “You’ll fall in love with Emilia Bassano, the unforgettable heroine based on a real woman that Picoult brings vividly to life in her brilliantly researched new novel.” —Kristin Hannah, author of *The Women* As an undergraduate, Melina Green had a rare opportunity to have one of her first plays judged by famous theatre critic Jasper Tolle, only to be publicly humiliated by a harsh and biased critique. Ten years later, her confidence as a playwright hasn't recovered, even though she has just completed a work that she thinks is her best yet. It is based on the life of her ancestor Emilia Bassano, the first published female poet in England—and rumored to be the “Dark Lady” of Shakespeare’s sonnets—but whom some scholars suspect may be the real author of a number of his plays. Melina wonders if she dares risk failure again, and then her best friend takes the decision out of her hands and submits it to a festival under a male pseudonym. In 1581, the young orphan Emilia Bassano is being raised in the ways of the English aristocracy by the Baron Willoughby and his sister. Her lessons on languages, reading and writing have endowed her with a sharp wit and a gift for storytelling. But like most women of her day, she has no control over her fate, and is ripped from her old life and forced to become a courtesan to Lord Hunsdon, a man knighted by Queen Elizabeth as the Lord Chamberlain in charge of all theatre in London. Though she has no other freedoms, she pseudonymously sets her own pen to paper, inspired by the work of the most brilliant playwrights of the time. Told in dual intertwining timelines, this sweeping tale of ambition, courage and desire centres two women who are determined to create something beautiful despite the prejudices they face.

As Emilia alters the course of her life, and the world, she blazes a trail. Centuries later, will Melina face the same terrible fate—to have her work celebrated, but only at the price of letting another take credit?

A Spark of Light Jodi Picoult, 2025-03-25 A Penguin Book Club Pick The lives of ordinary people become intertwined when a gunman takes hostages at a women's clinic in the #1 New York Times bestselling author's latest. At Mississippi's sole remaining women's reproductive services clinic, a gunman bursts in and takes its patients and staff hostage. The stories that brought these individuals to the clinic vary, from a woman awaiting cancer screening results to a protestor hoping to catch the clinic in a scandal that could be used in a pro-life campaign. Then there is the police hostage negotiator, whose daughter is also trapped inside the facility, and the gunman himself, who has a vendetta to carry out. Meanwhile, across the state, a seventeen-year-old woman lands in the hospital after an attempt to self-terminate her pregnancy and is subsequently charged by the pro-life DA for the murder of her unborn child. They, too, are connected to the events unfolding in the clinic. As the book moves backward in time, each chapter set one hour earlier than the last, we learn how all these people and their stories are unwittingly connected—and that none of these characters' reasons for being where they are at this fateful place and time are exactly what it appears at first glance.

On the Couch Andrew Blauner, 2024-05-14 Sigmund Freud is known as the father of psychoanalysis and champion of the talking cure who charted the human unconscious. He is also a polarizing figure, with many defenders and detractors. Some of the concepts associated with Freud include free association, transference, Oedipus complex, repression, the unconscious, and a model of psychic structure comprising id, ego, and super-ego. Andrew Blauner envisions this book as a fresh new assessment of Freud's relevance and resonance. Blauner puts Freud on the couch, analyzing the great analyst, exploring who he was, why he did what he did, and his lasting impact on Western thought, culture, and society, both as a psychiatrist and as a writer. He has contributions from a diverse group of 25 writers with different views and perspectives--

She's Not There Jennifer Finney Boylan, 2013-04-30 NATIONAL BESTSELLER • The seminal work of trans literature: a story of love, sex, selfhood, and understanding from the renowned author of *Cleavage* and co-author of *Mad Honey* “A very funny memoir of growing up confused and a very smart consideration of what it means to be a woman.”—Anna Quindlen When she changed genders, she changed the world. It was the groundbreaking publication of *She's Not There* in 2003 that jump-started the transgender revolution. By turns hilarious and deeply moving, Jennifer Finney Boylan explores the territory that lies between men and women, examines changing friendships, and rejoices in the redeeming power of love and family. Boylan's humorous, wise voice helped make *She's Not There* the first bestselling work by a transgender American—and transformed Boylan into a national spokeswoman for LGBTQ people, their families, and the people that love them. This updated and revised edition includes an epilogue from Jenny's wife Grace; it also contains the original afterward by her friend, novelist and Pulitzer Prize winner Richard Russo. “Love will prevail,” said Boylan's conservative mother, as she learned about her daughter's identity. *She's Not There* is the story that helped bring about a world in which that change seems almost possible.

Wish You Were Here Jodi Picoult, 2021-11-30 #1 NEW YORK TIMES BESTSELLER • From the author of *Small Great Things* and *The Book of Two Ways* comes “a powerfully evocative story of resilience and the triumph of the human spirit” (Taylor Jenkins Reid, author of *The Seven Husbands of Evelyn Hugo* and *Daisy Jones & The Six*) Look for Jodi Picoult's new novel, *By Any Other Name*, available August 20! Diana O'Toole is perfectly on track. She will be married by thirty, done having kids by thirty-five, and move out to the New York City suburbs, all while climbing the professional ladder in the cutthroat art auction world. She's an associate specialist at Sotheby's now, but her boss has hinted at a promotion if she can close a deal with a high-profile client. She's not engaged just yet, but she knows her boyfriend, Finn, a surgical resident, is about to propose on their romantic getaway to the Galápagos—days before her thirtieth birthday. Right on time. But then a virus that felt worlds away has appeared in the city, and on the eve of their departure, Finn breaks the news: It's all hands on deck at the hospital. He has to stay behind. You should still go, he assures her, since it would be a shame for all of their

nonrefundable trip to go to waste. And so, reluctantly, she goes. Almost immediately, Diana's dream vacation goes awry. Her luggage is lost, the Wi-Fi is nearly nonexistent, and the hotel they'd booked is shut down due to the pandemic. In fact, the whole island is now under quarantine, and she is stranded until the borders reopen. Completely isolated, she must venture beyond her comfort zone. Slowly, she carves out a connection with a local family when a teenager with a secret opens up to Diana, despite her father's suspicion of outsiders. In the Galápagos Islands, where Darwin's theory of evolution by natural selection was formed, Diana finds herself examining her relationships, her choices, and herself—and wondering if when she goes home, she too will have evolved into someone completely different.

Cultural Crossroads in the Ancient Novel Marília P. Futre Pinheiro, David Konstan, Bruce Duncan

MacQueen, 2017-12-04 The protagonists of the ancient novels wandered or were carried off to distant lands, from Italy in the west to Persia in the east and Ethiopia in the south; the authors themselves came, or pretended to come, from remote places such as Aphrodisia and Phoenicia; and the novelistic form had antecedents in a host of classical genres. These intersections are explored in this volume. Papers in the first section discuss "mapping the world in the novels." The second part looks at the dialogical imagination, and the conversation between fiction and history in the novels. Section 3 looks at the way ancient fiction has been transmitted and received. Space, as the locus of cultural interaction and exchange, is the topic of the fourth part. The fifth and final section is devoted to character and emotion, and how these are perceived or constructed in ancient fiction. Overall, a rich picture is offered of the many spatial and cultural dimensions in a variety of ancient fictional genres.
