**Stephen Rabley,Élisabeth Eudes-Pascal**

**Time of the Twins** Kendall Jenner,Kylie Jenner,Elizabeth Killmond-Roman,Katherine Killmond,2016-11-15 Two sisters, one destiny . . . Lex and Livia are on the run. In *Time of the Twins*, Lex, an impulsive military cadet, and Livia, a pampered Airess, have just found out they are twins, which is against the law in the great City of Indra. Now they are leaving behind the only world they have ever known: for Lex, it was the dark world of the Hub below the surface of Indra, where she survived the brutal Orphanage to become an elite member of Indra's Population Control Forces, and for Livia, it was a life of luxury on the sky island of Helix, where she was brought up to be a Proper Indrithian Young Woman. With help from the charming and handsome Kane, Lex's best friend and Livia's newfound love, and Xavier, a gruff rebel who would prefer to leave them all behind, they make the grueling trek through the dangerous underground tunnels toward the Outlands beyond the dome of Indra in search of the mother they thought was dead. When they finally reach the Outlanders' colony, they discover their mother holds the key to unlocking their past, and they must confront an ancient prophecy, "The Time of the Twins." The prophecy claims they are the long-awaited "twin saviors," destined to save the City of Indra from the oppressive High Council who have long reigned over all of its people. Will Lex and Livia agree to be a part of their mother's dangerous plan and take on the daunting role of the "twin saviors"? Will they trust their mother and put themselves in jeopardy to save countless lives? It's a responsibility they never asked for . . . but one that may prove impossible to ignore. With unforgettable characters, an action-packed pace, and the sparks of new romance, the Jenner sisters have created a page-turning, heart-stopping adventure that will leave you wanting more.

*Rebels: City of Indra* Kendall Jenner,Kylie Jenner,Elizabeth Killmond-Roman,Maya Sloan,2016-11-15 Lex grew up in the orphanage, alone, and now is training to be a Special Op so she can finally destroy the rebels with her own hands. She needs no one. Livia lives miles above everything on a floating island in the city of Indra. She is training too, but for a life that she doesn't want. She wants to be free, to finally leave her floating island, and to run with her beloved horse until she can't run any longer. And then there's Kane--Lex's only friend. When she finds that Kane is in danger, she doesn't hesitate to leave her post and blast her way to the top of Indra to save him. She just needs to get one stubborn, unexpectedly clever airgirl to tell her where he is first.

**Publishing and Culture** Dallas John Baker,Donna Lee Brien,2019-04-10 Publishing is currently going through dramatic

changes, from globalisation to the digital revolution. A whole culture of events, practices and processes has emerged centred around books and writing, which means that scholars of publishing need to understand it as a social and cultural practice as much as it is a business. This book explores the culture, practice and business of book production, distribution, publication and reception. It discusses topics as diverse as emerging publishing models, book making, writers' festivals, fan communities, celebrity authors, new publishing technologies, self-publishing, book design and the role of class, race, gender and sexuality in publishing or book culture. This volume will be of interest to those in the disciplines of publishing studies, creative writing, English literature, cultural studies and cultural industries.

*The Time Twins* Stephen Rabley,Élisabeth Eudes-Pascal,2010-01-01

Time Twins Sally Astridge,Arne Norlin,2017-12 Astrid thinks she is imagining the quiet boy who appears in her room in the middle of the night. He's called Tamati and lives in New Zealand. Astrid lives in Sweden. What's he doing here? And why does he keep turning up? Tamati tells Astrid they are time twins - children born at the exact same time - and his grandfather has shown him how to find her. Their lives couldn't be more different, but both have secrets they haven't been able to share with anyone else ... until now. Then the time twins realise that they might have come together for a reason and that there are ways they can help each other, even if they do live thousands of kilometres apart. *Time Twins* is an exciting cross-global story written by two authors living on either side of the earth about two children who are doing the same. First published in Swedish, this is the novel's New Zealand debut.
