Guglielmo Stefani

Guida per la Reale Accademia delle Belle Arti in Venezia ,1821

Accademie / Patrimoni di Belle Arti AA. VV.,2016-02-07T00:00:00+01:00 Il Volume Accademie / Patrimoni di Belle Arti, così ricco di opere e di storie, è un primo monitoraggio unitario del patrimonio presente nelle accademie storiche e moderne della Nazione, nato con il fine di documentare la qualità dei beni artistici materiali e immateriali che sono presenti nelle istituzioni Afam e, quindi, sensibilizzare gli addetti ai lavori, la stampa e l'opinione pubblica sull'alto e insostituibile valore della formazione artistica. Le Accademie stesse sono istituzioni complesse e patrimonio ad un tempo, con la loro storia e il loro Know-how sull'arte contemporanea. Immagini e contributi delle Accademie di Belle Arti di (in ordine di fondazione): Firenze Perugia Roma Torino Bologna Venezia Genova Napoli Verona Carrara Milano Palermo Bergamo Ravenna Lecce Reggio Calabria Urbino Catania L'Aquila Bari Foggia Catanzaro Macerata Frosinone Sassari

Venice, an Archipelago of Art and Ecologies Christina Hainzl,Cristina Baldacci,Adrian Praschl-Bichler,2025-04-17 The archipelago of Venice is often at the centre of socio-ecological discussions due to its uniqueness and ambiguity. It is a world cultural heritage site and, at the same time, a fragile ecosystem, strongly threatened by the climate crisis and overtourism. This volume brings together scholars, artists, museum professionals and curators to show how Venice is a special observatory for addressing the challenges of the future and how the arts can contribute to an ecological transition and cultural regeneration.

From Darkness to Light Rosella Mamoli Zorzi,Katherine Manthorne,2019 Writers in Museums 1798-1898

The Art of the Macchia and the Risorgimento Albert Boime,1993-05-15 During the 1860s and '70s, more than a decade before the development of French Impressionism, Italy produced a group of avant-garde artists whose fervently nationalist paintings anticipated some of Impressionism's theoretical concerns. These artists were called Macchiaioli because they based their technique on a quickly rendered macchia, or sketch. In the first extended sociopolitical interpretation in English of this important group, Albert Boime places the Macchiaioli in the cultural context of the Risorgimento—the political

movement that unified Italy, freed from foreign rule, under a secular, constitutional government. Anglo-American art criticism has generally neglected these painters (probably because of their overt political affiliation and nationalist expression), but Boime shows that these artists, while deeply political, nevertheless created aesthetically superior work. Boime's study departs from previous research on the Macchiaioli by systematically investigating the group's writings, sources, and patronage in relation to the Risorgimento. The book also examines both contemporary and later critical responses, revealing how French art criticism has obscured the achievements of Macchiaioli art. Richly illustrated, *The Art of the Macchia and the Risorgimento* will appeal to anyone interested in nineteenth-century European art or the history of Italy.

Antiquarian Literature in the Sixteenth Century Joan Carbonell Manils, Gerard González Germain, 2024-07-01 During the sixteenth century, antiquarian studies (the study of the material past, comprising modern archaeology, epigraphy, and numismatics) rose in Europe in parallel to the technical development of the printing press. Some humanists continued to prefer the manuscript form to disseminate their findings – as numerous fair copies of sylloges and treatises attest –, but slowly the printed medium grew in popularity, with its obvious advantages but also its many challenges. As antiquarian printed works appeared, the relationship between manuscript and printed sources also became less linear: printed copies of earlier works were annotated to serve as a means of research, and printed works could be copied by hand – partially or even completely. This book explores how antiquarian literature (collections of inscriptions, treatises, letters...) developed throughout the sixteenth century, both in manuscript and in print; how both media interacted with each other, and how these printed antiquarian works were received, as attested by the manuscript annotations left by their early modern owners and readers.

Bollettino dei trasporti e dei viaggi in ferrovia ,1890

The Soul of the Haiku Giuseppe Viscusi, 2016-09-12 The author, Pino Viscusi, witness of changes in culture and traditions of the 21st century, sees in haiku poems an important element for the integration and union among people. If art is universal in its nature, the exercise of writing haiku verses can affect the lives of all, from the youngest to the elderly, allowing us to rediscover the enchantment of nature and the love for small things.
