All Roads Lead Home Christine Johnson, 2012-01-03 Inspirational historical romance--Spine.

Alice Guy Blaché Alison McMahan, 2014-08-22 Alice Guy Blaché (1873-1968), the world's first woman filmmaker, was one of the key figures in the development of narrative film. From 1896 to 1920 she directed 400 films (including over 100 synchronized sound films), produced hundreds more, and was the first--and so far the only--woman to own and run her own studio plant (The Solax Studio in Fort Lee, NJ, 1910-1914). However, her role in film history was completely forgotten until her own memoirs were published in 1976. This new book tells her life story and fills in many gaps left by the memoirs. Guy Blaché's life and career mirrored momentous changes in the film industry, and the long time-span and sheer volume of her output makes her films a fertile territory for the application of new theories of cinema history, the development of film narrative, and feminist film theory. The book provides a close analysis of the one hundred Guy Blaché films that survive, and in the process rewrites early cinema history.

Independent Film Producing Paul Battista, 2013-10-08 The number of independent films produced each year has almost doubled in the past decade, yet only a fraction will succeed. If, like many filmmakers, you have no industry connections, little to no experience, and a low or ultra-low budget, this outsider's guide will teach you what you need to know to produce a standout, high-quality film and get it into the right hands. Written by an entertainment lawyer and experienced director and producer, this handbook covers all the most essential business, legal, and practical aspects of producing on a low budget, including: Scripts Business plans Copyright issues Equity and non-equity financing Fund-raising Tax considerations Talent recruiting Scheduling Distribution Securities laws Film festivals And more Also discussed are the new crowd funding laws covered by the JOBS Act, making this book a must-read for every indie producer in today's economy. If you want to produce a film that gets attention, pick up the book that is recommended or required reading at film, business, and law schools from UCLA to NYU. Whether you're a recent film school graduate or simply a Hollywood outsider, *Independent Film Producing* will be like having a best friend who is an experienced, well-connected insider.

Tower Dog Douglas Scott Delaney, 2017-04-25 An insider's look at the rough and tumble workers throughout America who are risking their lives--and losing them at an alarmingly high rate--all in the name of connectivity. What is the price of staying connected, of that phone in your hand or that watch on your wrist? Recent TV shows would have you believe that the

most dangerous job in America is a crab fisherman, or maybe even an ice road trucker. But what U.S. Department of Labor unequivocally recognizes as the most dangerous job in America belongs to the tower dog, the men and women who work on cell towers across the country, building the networks that keep us all connected. In *Tower Dog: Life Inside the Deadliest Job in America*, Douglas Scott Delaney, a tower dog for more than fifteen years, draws readers into this dark and high-stakes world that most don't even know exists, yet rely on every minute of every day. This risk-laden profession has been covered by NBC Dateline, Frontline, The Wall Street Journal, and The Washington Post, but none of these reports have provided the real, inside story of these men and women who have always lived on the edge of society; a fascinating mix of construction crews and thrill-seekers. Delaney is a brash and illuminating guide, and *Tower Dog* gives us the real experience of what it's like for the workers balanced precariously above the clouds.

American Indian Image Makers of Hollywood Frank Javier Garcia Berumen, 2020-01-01 Images from movies and film have had a powerful influence in how Native Americans are seen. In many cases, they have been represented as violent, uncivilized, and an impediment to progress and civilization. This book analyzes the representation of Native Americans in cinematic images from the 1890s to the present day, deconstructing key films in each decade. This book also addresses efforts by Native Americans to improve and have a part in their filmic representations, including mini-biographies of important indigenous filmmakers and performers.

All Roads Lead to the American City Peter Swirski, 2007-04-01 *All Roads Lead to the American City* provides an original view of the urban culture in America seen through its irrevocable ties with the cities and roads. Examining the history, cinema, literature, cultural myths and social geography of the United States, the book puts some of the greatest as well as the baddest American cities under the microscope. Taking the role of the roads that crisscross and connect the cities as their shared point of reference, these essays explore ways to understand the people who live, commute, work, create, govern, commit crime and conduct business in them. Cities, for the most part, are America. Their values and problems define not only what the United States is, but what other nations perceive the United States to be. Roads and transportation, on the other hand, and their impact on the American culture and lifestyle, form not only the integral part of the historical rise-and-shine of the modern city, but a physical release from and a cultural antidote to its pressure-cooker stresses. Tracing the boundless variety and complexity of these twin themes, *All Roads Lead to the American City* is built around an interlinked series of essays on the urban culture in America. Juxtaposing the city and the road, it looks alternatively at cities as historical, geographical, social and cultural centres of life in the land, and at roads as physical as well as metaphorical arteries that lead in and out of the city.

Mirror of the Soul Tania M. DeVizia, 2015-07-08 Mirror of the Soul is a reference to the precious metal silver and its superior reflective abilities. Silver jewelry reflects ones personality and silver instruments, which render the purest tones, have the ability to reflect ones soul. Classical flutist Tania M. DeVizia uses her silver flute as a tool to connect with the divine and thus mirror her soul. In this book, she merges theology and science, time and eternity and hands-on healing with sound healing. She analyzes and reflects upon the five roles of Jesus when he walked this earth and describes the manner in which music and art mirror His roles of Good Shepherd, Healer and Miracle Worker, Carpenter and Stone Mason, Fisher of Men and Son of God. Her text reflects her quest for truth. She believes we have an innate desire to reflect the highest ideals of the Creator in all our works of art. The words on these pages mirror the soul of a flutist who enjoys listening, observing, analyzing, hearing, and sharing her insights with others.

Cybertypes Lisa Nakamura, 2013-09-13 First published in 2002. In *Cybertypes*, Lisa Nakamura turns her assumption that the Net is color-blind on its head. Examining all facets of everyday web-life, she shows that racial and ethnic stereotypes, or 'cybertypes' are hardwired into our online interactions: Identity tourists masquerade in chat rooms as Asian_Geisha or Alatiniolover. Web directories sharply delimit racial categories. Anonymous computer users are assumed to be white. Lively, provocative, *Cybertypes* takes up computer relationship between race, ethnicity and technology and offers a candid and nuanced understanding of identity in the information age.

Fate in Film Thomas M. Puhr, 2022-10-18 The course of events is predetermined and cannot be changed. Forces beyond

our control—or even our comprehension—shape our fates. Such is the deterministic worldview embedded in a wide swath of contemporary cinema, from arthouse experiments to popular genre films, through both thematic concerns and narrative structures. These films, especially the recent spate of “elevated” science fiction and horror, tap into this deep-seated anxiety by focusing on characters who ultimately fail to transcend the patterns and structures that define them. Thomas M. Puhr identifies and analyzes the ways that cinema has dealt with the tension between fate and free will, from Stanley Kubrick’s *The Shining* to Christopher Nolan’s *Tenet*. He examines films that express deterministic ideas, including circular narratives of stasis or confinement and fatalistic portraits of external forces dictating characters’ lives. Puhr considers determinism at the levels of the individual, the family, and society, reading films in which characters are trapped by past or alternate selves, the burdens of family histories, or oppressive social structures. He explores how films such as Joel and Ethan Coen’s *Inside Llewyn Davis*, Ari Aster’s *Hereditary*, Jordan Peele’s *Us*, and Lucrecia Martel’s *Zama* confront the limits of human agency. Puhr relates deterministic themes to the nature of moviegoing: In denying characters any ability to choose alternative paths, these films mirror how viewers themselves can only sit and watch. Recasting the works of some of today’s most compelling directors, *Fate in Film* is an innovative critical account of an unrecognized yet crucial aspect of contemporary cinema.

The Road Less Taken Kathryn Bertine, 2014-09-01 In *The Road Less Taken*, Kathryn Bertine takes readers through her journey of striving to become a professional cyclist in her mid-30s. Her essays explore the twists and turns on life’s unexpected roads via bicycle, but also the larger meaning of what it means to heed one’s inner compass and search for a personal true north. With her signature wit and humor Bertine’s essays travel far beyond the bike lane, resonating with anyone who has ever dared to try and turn their dreams into a reality.

Are You Not Entertained? Lindsay Steenberg, 2020-10-29 Anglo-American culture is marked by a gladiatorial impulse: a deep cultural fascination in watching men fight each other. The gladiator is an archetypal character embodying this impulse and his brand of violent and eroticised masculinity has become a cultural shorthand that signals a transhistorical

version of heroic masculinity. Frequently the gladiator or celebrity fighter - from the amphitheatres of Rome to the octagon of the Ultimate Fighting Championships - is used as a way of insisting that a desire to fight, and to watch men fighting, is simply a part of our human nature. This book traces a cultural interest in stories about gladiators through twentieth and twenty-first-century film, television and videogames.

Revenge of the She-Punks Vivien Goldman, 2019-05-07 A dazzling survey of women in punk, from the genre's inception in 1970s London to the current voices making waves around the globe. As an industry insider and pioneering post-punk musician, Vivien Goldman has an unusually well-rounded perspective on music journalism. In *Revenge of the She-Punks*, she probes four themes—identity, money, love, and protest—to explore what makes punk such a liberating art form for women. With her visceral style, Goldman blends interviews, history, and her personal experience as one of Britain's first female music writers in a book that reads like a vivid documentary of a genre defined by dismantling boundaries. A discussion of the Patti Smith song "Free Money," for example, opens with Goldman on a shopping spree with Smith. Tamar-Kali, whose name pays homage to a Hindu goddess, describes the influence of her Gullah ancestors on her music, while the late Poly Styrene's daughter reflects on why her Somali-Scots-Irish mother wrote the 1978 punk anthem "Identity," with the refrain "Identity is the crisis you can't see." Other strands feature artists from farther afield (including in Colombia and Indonesia) and genre-busting revolutionaries such as Grace Jones, who wasn't exclusively punk but clearly influenced the movement while absorbing its liberating audacity. From punk's Euro origins to its international reach, this is an exhilarating world tour. "In this witty, must-read introduction to punk music, Vivien Goldman sifts through decades of firsthand encounters with feminist musicians to identify how and where these colorful she-punks have arrived—and where they might be headed." —Tin Weymouth, *Talking Heads*, Tom Tom Club "Revelatory . . . [*Revenge of the She-Punks*] feels like an exhilarating conversation with the coolest aunt you never had, as she leaps from one passion to the next." —Rolling Stone "This book should restore Goldman's place in the rock-crit firmament just as she sets out to give punk's women their long-denied dues." —The Guardian "[*Revenge of the She-Punks*] doesn't just retell the story of punk with an added woman or two; it centers the relationships between gender and the genre, showing how, through the right lens, the story of punk is a story about women's ingenuity and power." —NPR "An engaging and politically charged exploration of women in music looking to the past, present, and future." —Bust Magazine "Riotously entertaining . . . A vibrant and inspiring introduction to feminist music history that invites more scholarship and music making." —Foreword Reviews
