

Paramento De Pared Crucigrama

G Thomas

El espíritu impreso de una idea Pepa Cassinello, 2008 En mayo de 1934, el Instituto Técnico de la Construcción y Edificación, recién creado por Eduardo Torroja y un selecto grupo de arquitectos e ingenieros, inicia la edición de la revista Hormigón y Acero que, desgraciadamente, sólo tuvo 26 números, mensuales, hasta junio de 1936. En 1941, el mismo Instituto reanuda sus actividades y comprende la importancia de seguir transmitiendo los conocimientos e innovaciones resultantes de sus actuaciones mediante una publicación técnica específica de la construcción. Aparecen entonces los Anales del Instituto Técnico de la Construcción y Edificación , que se publican cada año hasta 1946, en que dicho Instituto se adhiere al Patronato Juan de la Cierva del Consejo Superior de Investigaciones Científicas (CSIC), pasando a ser un centro público de investigación en construcción, que se mantiene hasta nuestros días. No obstante, dos años después, hace ahora 60, se reanuda la actividad difusora del Instituto con una nueva publicación periódica, la revista Informes de la construcción , que se puede entender como la continuación de Hormigón y Acero y los Anales , y que se ha mantenido sin interrupción estos 12 lustros.
