**Love in America** Lawrence R. Samuel,2019-11-29 Widely considered the most complex of human emotions, romantic love both shapes and reflects core societal values, its expression offering a window into the cultural zeitgeist. In popular culture, romantic love has long been a mainstay of film, television and music. The gap between fictitious narratives of love

and real-life ones is, however, usually wide--American's expectations of romance and affection often transcend reality. Tracing the history of love in American culture, this book offers insight into both the national character and emotional nature.

*Medieval Iberian Crusade Fiction and the Mediterranean World* David A. Wacks, 2019-09-06 Reading crusader fiction against the backdrop of Mediterranean history, this book explains how Iberian authors reimagined the idea of crusade through the lens of Iberian geopolitics and social history. The crusades transformed Mediterranean history and inaugurated complex engagements between Western Europe, the Balkans, North Africa, and the Middle East in ways that endure to this day. Narratives of crusades powerfully shaped European thinking about the East and continue to influence the representation of interactions between Christian and Muslim states in the region. The crusade, a French idea that gave rise to Iberian, North African, and Levantine campaigns, was very much a Mediterranean phenomenon. French and English authors wrote itineraries in the Holy Land, chronicles of the crusades, and fanciful accounts of Christian knights who championed the Latin Church in the East. This study aims to explore the ways in which Iberian authors imagined their role in the culture of crusade, both as participants and interpreters of narrative traditions of the crusading world from north of the Pyrenees.

The Movies in the Age of Innocence, 3d ed. Edward Wagenknecht, 2014-10-27 Upon its original publication in 1962, Edward Wagenknecht's *The Movies in the Age of Innocence* immediately earned recognition as a classic in the history of early cinema. A tribute to American silent film from the first-person perspective of one who grew up with the medium, the volume surveys the pre-feature and feature era of silent films from a distinctly literary standpoint and considers the careers

of directors like D. W. Griffith and Erich von Stroheim, and actors such as Charlie Chaplin, Mary Pickford and Lillian Gish. With nearly 90 illustrations from early films, fan magazines and brochures, indices of film titles and names, and an appendix containing Wagenknecht's otherwise unavailable 1927 pamphlet Lillian Gish: An Interpretation, this third edition retains its significance today.

Telling the Tale of Jaufre Anne Lister,2023-10-31 For the first time in almost 800 years Anne Purbrick (under her performing name of Anne Lister) has brought the lively, engaging, and entertaining Tale of Jaufre off the library shelves and has been telling it to audiences. There are several mysteries about Jaufre - when and why was a story about King Arthur written for a king of Aragon, and why in Occitan? Investigating this 13th century story from the practical standpoint of a storyteller has produced a number of new insights and discoveries. This book explores the background in detail, from the manuscripts and fragments which have survived to the people for whom the story was created, as well as its extensive later history, and then discusses the decisions, the revelations and the difficulties of telling the story to 21st century audiences. The Tale of Jaufre is remarkably little known outside modern Spain and yet, as this book demonstrates, it has links to the extended family of Alienor of Aquitaine and Henry II of England, and therefore across Europe.
