Mothering Alone Mary Kay O'Neil, 2022-07-21 'The lives of women are inextricably linked to the well-being of children. If they are not educated, if they are not healthy, if they are not empowered, the children are the ones who suffer.' (UNICEF report, 2006) The study this book is based upon was of a pioneering facilitating programme enabling low-income mothers with little to no outside support to attend college or university. The women's stories are told in their own words and are used to explore the importance of education as a way to improve their and their children's lives. The book begins with an engaging Foreword from Rosemary H. Balsam, FRCPsych (London), MRCP (Edinburgh), Associate Clinical Professor of Psychiatry at Yale Medical School. Followed by the author's introduction, the book is then split into three parts. Part I sets the background of the study itself and of Western societal attitudes towards single mothers over the centuries. Mary Kay O'Neil also investigates common maternal tasks, the effect of parental and relational experiences, the life impact of becoming a mother, and the various influences on the decision mother alone. Part II considers the characteristics basic to effective mothering: resilience, autonomy, and caring. In the light of the author's interest in women's development, Part III explores the psychodynamic understanding of mothers alone without resources, and outlines society's role in providing the opportunity for

them to become successful mothers. The parts are followed by an Afterword to summarise what was learned through the women's generous openness and to suggest societal improvements for increased opportunity. The book closes with two Appendices. The first tells the story of O'Neil's mother, who also mothered alone. The second delivers the research findings of the study for those interested in learning more. This clearly written book underlines the UNICEF statement above and does much to engage with the debate on support for those most vulnerable members of society.

Changing Addiction Problems and Care Responses During and After a Major Crisis: Emergence of a 'New Normal' John Strang ,Julia Rozanova,Alexandra A. Deac ,Harry Skipper,2024-07-24 Despite its lifesaving role, addiction treatment and care are often among the first domains to lose resources when a crisis strikes. Across the world disruptions in addiction-related care during the Covid-19 pandemic, armed conflict, or radical political change have been documented. But what happens after the crisis is typically unknown. How do addiction-related problems change during a crisis, and what are the responses at individual and societal level? How do crises affect causes, prevalence, incidence, or severity of addiction in different regions and populations? Does the addiction care system permanently collapse or is the breakdown temporary and reversible? How does a crisis evolve and what happens to addiction care services and their beneficiaries over time? Is residual damage to addiction care services inevitable or can a crisis create opportunities for positive change at individual, organizational, and/or system level? Are harms and benefits (un)equally distributed among different addiction stakeholder groups? And finally, what does a 'new normal' look like in addiction and addiction care, and what (new) norms underpin it? These questions not only encompass the importance of such a topic, but also the implications on public health that are applicable worldwide that need to be addressed.

Soar Into Joy: A Combat Pilot's Wisdom for Falling in Love with Your Life Loree "Rowdy" Draude,2023-09-29 In Soar Into Joy, Loree "Rowdy" Draude offers an introspective look into her life, highlighting both her triumphs and setbacks as a Silicon Valley executive, a startup founder, a parent and as one of the first women to fly combat jets in the U.S. Navy. Loree writes about contending with society's entrenched fears. She emphasizes the interconnectedness of society and how we all depend on one another. Despite her daunting achievements, like landing jets on moving aircraft carriers, her most significant

fears stemmed from feelings of inadequacy. *Soar Into Joy* originates from a letter Loree penned to her child during a particularly trying time, detailing her many failures, ranging from minor embarrassments like failing in school sports to more significant setbacks in her career and personal life. These challenges are used as a framework to discuss resilience and overcoming adversity. The primary focus of the book is the SOAR acronym, representing the four themes she believes are crucial for personal growth: Self-Awareness, Openness, Appreciation, and Responsibility. In essence, the book underscores the idea that everyone has the potential to soar despite the inevitable challenges life presents. Through Loree's unique experiences and the SOAR framework, readers are encouraged to engage their fears, embrace self-awareness, and pursue a fulfilling life.
