May You Live in Interesting Times Conor O'Clery,2016-05-17 Conor O'Clery has been a witness to some of the major world events of the last thirty years, including the Troubles in Northern Ireland; the ending of the Cold War as viewed from Moscow; the reluctant opening up of China to the West; the Clinton years in the White House; and the 9/11 attacks. As foreign correspondent for The Irish Times, he was the first western journalist to open an office in Moscow at the height of Gorbachev's glasnost, and he subsequently acted as correspondent from Washington, Beijing and New York. In May You Live in Interesting Times, O'Clery reveals the untold stories of life as a journalist on the cutting edge of history.

May You Live In Interesting Times Willem Dijkstra,2004-04 In 1966 Mao Zedong unleashed the Cultural Revolution, a brutal and bloody campaign aimed at obliterating the past and building a new China on the rubble of its ancient civilization. Now it is 1988, and while the tide of change has turned for the better, the legacy of Mao lingers on in the minds of former devotees and victims alike. Five years have passed since China's first tentative opening to the outside world, and the effects are undeniable. Initially overawed by foreign customs, China's youngsters have become increasingly restless, frustrated by the rigid system that has bound them for so long. Frightened by their children's foolhardy defiance of the Party, a group of friends gather to relive the past, hoping they can restore a sense of reality before it is too late. May You Live In Interesting Times is an intelligent and compassionate work spanning decades of turmoil. Willem Dijkstra has produced a novel of considerable depth, weaving individual suffering and anguish into a broader tapestry of mass political persecution and terror. Through characters such as Xu Suping and Dao Huimin, Willem Dijkstra not only brings the nightmare of Mao's China sharply into focus, but he also succeeds in capturing the essence of the Chinese: exasperating, stubborn, warm-hearted and eternally resilient.

The Quote Verifier Ralph Keyes,2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's The Quote Verifier considers not only classic misquotes such as Nice guys finish last, and

Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, The Quote Verifier also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, The Quote Verifier is not only a fascinating piece of literary sleuthing, but also a great read.

Change Makers: Make your mark with more impact and less drama Digby Scott, 2019-04-05 Change Makers make the future. Be one of them. Are you asking any of these questions? How can I change how stuff gets done around here? How can I make a difference? How can I stay true to myself amidst the chaos? How can I learn to say no? How do I get traction and make my mark? If so, then this book is for you. Making change happen can be a difficult, lonely job. It can feel like being in a maze, wading through treacle. If you're trying to drive change in your organisation, and you feel like a lone voice, Change Makers is for you. This book will help you to: Sharpen your focus. Amplify your voice. Play it a little less safe. Build your tribe. Get the traction on your change agenda that you've been looking for. We get to choose our futures. Do we shrink back and play it safe, or do we learn how to adapt, lean into discomfort and rise above, paving the way for others to do the same? This book's about the second choice. Your call.

Demanding the Impossible Slavoj Žižek, 2014-02-06 Where are we today and what is to be done? Slavoj Žižek ponders these questions in this unique and timely book. Based on live interviews, the book captures Žižek at his irrepressible best, elucidating such topics as the uprisings of the Arab Spring, the global financial crisis, populism in Latin America, the rise of China and even the riddle of North Korea. Žižek dazzles readers with his analyses of Hollywood films, Venezuelan police reports, Swedish crime fiction and much else. Wherever the conversation turns, his energetic mind illuminates unexpected horizons. While analyzing our present predicaments, Žižek also explores possibilities for change. What sort of society is worth striving for? Why is it difficult to imagine alternative social and political arrangements? What are the bases for hope? A key obligation in our troubled times, argues Žižek, is to dare to ask fundamental questions: we must reflect and theorize anew, and always be prepared to rethink and redefine the limits of the possible. These original and compelling conversations offer an engaging and accessible introduction to one of the most important thinkers of our time.

God's Unreasonable Reasoning Dr. Preston Williams II, 2018-09-30 God reveals Himself to us in the Holy Scriptures, and from His Word we can learn about His nature, His character, and His plan for humankind. Yet this spiritual journey takes something more than just reading the words in the Bible and applying our own interpretations—it takes authentic faith and a good deal of help from the Holy Spirit. God's Unreasonable Reasoning is a captivating spiritual guidebook that can help you understand God's reasoning in life's many transitions, and it can change the way you interpret the experiences that you don't understand in your daily life. Author and ordained bishop Dr. Preston Williams II offers insight into why human reasoning can't assume that God sees things as we see them, explaining how human reasoning can be an enemy of faith since it is driven by our human nature and the physical experiences of life. With this understanding, you can experience the self-discovery and the wisdom that can prepare you to confront the rapid and complex challenges and transformations in today's world. Sharing his own remarkable personal stories of trials, transitions, and ultimate triumphs, Dr. Williams invites you to be inspired to follow your own dreams by seeing the world through God's eyes and allowing your path to be illuminated by biblical principles, metaphors, and insights that will stir your soul and touch the core of every heart earnestly seeking its own destiny on the journey of life.

Just a Mercenary? D. Subbarao, 2024-04-30 At the start of his career as sub-collector of Parvathipuram sub-division in north-coastal Andhra Pradesh way back in 1974, Subbarao learnt—the hard way—that tribal development requires more than enthusiasm; it requires, most of all, an understanding of poverty. Nearly forty years later, in 2013, as the governor of the Reserve Bank of India in the midst of a fierce exchange rate crisis, Subbarao learnt—once again the hard way—the harsh challenges of emerging economies in an unequal world. Bookended by these assignments is the remarkable journey of a small-town boy from a modest background to the top echelons of India's civil service and then on to the helm of the country's central bank. Subbarao recounts that journey—his hopes and despair, his successes and setbacks, his mistakes and misdeeds, and the lessons he learnt along the way—with rare candour and honesty. The subtext of that story though is his constant soul searching about whether he has given back to society more than he received. Just a Mercenary? is a warm, engaging and earnest account of an extraordinary career that is bound to inform and inspire young professionals trying to find their way up their career ladders and discover meaning in their journeys.

The New Senior Man Thelma Reese, Barbara M. Fleisher, 2017-10-06 The New Senior Man: Exploring New Horizons, New Opportunities fills a gap that is already huge –and growing. Where do men fit into the astonishing changes in both life expectancy and visibility of the aging boomers among us? Unlike women, who move into retirement years with a network of friends and intimates cultivated over decades, men, for the most part, do it alone. Changes in women's lives and in the culture have brought changes for men who were told to “man up” since they were toddlers. Having faced that challenge throughout their lives, it's time now to do it again: to see changes in the world around them as opportunities, to discover new strengths and passions, to make the most of the gift of time. With perhaps a third of productive life ahead, retirement

requires redefinition. Where are the role models among the men who, at this critical turning point in their lives, continue to redefine and reinvent their lives past the time of the proverbial gold watch and a set of golf clubs? As pioneers in this rapidly emerging new world, the men whose narratives appear in this book are role models for each other and those who follow. They seek more than advice about investments and improving their golf strokes. Men from all walks of life tell us, in their own words, how they see the challenges and chances that lie ahead and within themselves, and how they are taking full advantage of opportunities that re-start living. Each chapter presents a topic relevant to this later stage of life: memory, family dynamics, sexual intimacy, loss, and independence, among others. Like a conversation among friends, the book introduces readers to new ways of looking at the present and the future, so that men may cultivate a lifestyle that not only suits them, but supports a healthy, rewarding, and enjoyable reframing of life.
