

Kant Zum Ewigen Frieden

William Evans Darby

Kant und die Berliner Aufklärung Volker Gerhardt, Rolf-Peter Horstmann, Ralph Schumacher, 2001

Kant and the Theory and Practice of International Right Georg Cavallar, 2020-03-01 A similar book is Reidar Maliks, *Kant's Politics in Context*. Oxford: Oxford University Press 2014, but it does not focus on international law. Pauline Kleingeld's *Kant and Cosmopolitanism: The Philosophical Ideal of World Citizenship*, Cambridge: Cambridge University Press 2012 touches upon international relations, but is mainly a book on Kant's cosmopolitanism, and a comparison with other 18c thinkers.

Self-Knowledge and Self-Deception Hugo Strandberg, 2015-08-11 The aim of this book is to acquire a better understanding of the question 'who am I?' By means of the concepts of self-knowledge and self-deception questions about the self are studied. The light in which its topic is seen is the light of love, the light in which other people really become visible and so oneself in one's relation to them.

200 Jahre Kants Entwurf "Zum ewigen Frieden" Volker Bialas, Hans-Jürgen Hässler, 1996

Immanuel Kant Arthur Ripstein, 2017-05-15 Kant casts a long shadow over contemporary debates in political philosophy. The Kantian roots of ideas of dignity, autonomy, equality and freedom under law are widely acknowledged. Kant's own developments of those ideas in his explicitly political writings are taken up less frequently. The aim of this volume is to help bring those contributions out of the shadows. The articles and essays explore various dimensions of Kant's complex and powerful picture of the relation between morality and politics that Kant develops.

Kant and Law B. Sharon Byrd, 2017-07-05 Immanuel Kant's legal philosophy and theory have played an enormous role in the development of law since the eighteenth century. Although this influence can be seen primarily in German law and in the law of nations which have traditionally been oriented toward German legal development, today Kant's philosophy has experienced a Renaissance in the Anglo-American legal world. This anthology collects what the editors believe to be the very best of articles on Kant's legal theory, with an emphasis on his *Metaphysics of Morals* of 1797. In particular the articles relate to: 1) the nature of law and justice, 2) private law, 3) public law, 4) criminal law, 5) international law, and 6) cosmopolitan law.

Perpetual Peace James Bohman, Matthias Lutz-Bachmann, 1997 The authors argue for the continued theoretical and

practical relevance of the cosmopolitan ideals of Kant's essay *Toward Perpetual Peace: A Philosophical Sketch*.

Kant and Colonialism Katrin Flikschuh, Lea Ypi, 2014-11-20 This is the first book dedicated to a systematic exploration of Kant's position on colonialism. Bringing together a team of leading scholars in both the history of political thought and normative theory, the chapters in the volume seek to place Kant's thoughts on colonialism in historical context, examine the tensions that the assessment of colonialism produces in Kant's work, and evaluate the relevance of these reflections for current debates on global justice and the relation of Western political thinking to other parts of the world.

Kant's Shorter Writings Robert Hanna, Rafael V. Orden Jiménez, Robert Louden, 2017-01-06 This collection highlights the importance of Kant's shorter writings, which span the entire intellectual career of this seminal thinker. It contrasts with other philosophical studies of Kant's work, which typically focus on a specific period of his career, and on either his theoretical philosophy or his practical philosophy. These shorter works offer a framework for understanding several central questions of critical philosophy in the context of Kant's complete corpus of writings. As such, this volume provides a groundbreaking approach to contemporary Kant studies by offering a new interpretive perspective to enable Kant scholars to advance their research projects. At the same time, it allows a general overview of Kant's work for a broader non-scholarly audience interested in his critical philosophy and its context.

The New Global Law Rafael Domingo, 2010-02-26 The dislocations of the worldwide economic crisis, the necessity of a system of global justice to address crimes against humanity, and the notorious 'democratic deficit' of international institutions highlight the need for an innovative and truly global legal system, one that permits humanity to re-order itself according to acknowledged global needs and evolving consciousness. A new global law will constitute, by itself, a genuine legal order and will not be limited to a handful of moral principles that attempt to guide the conduct of the world's peoples. If the law of nations served the hegemonic interests of Ancient Rome, and international law served those of the European nation-state, then a new global law will contribute to the common good of all humanity and, ideally, to the development of durable world peace. This volume offers a historical-juridical foundation for the development of this new global law.

The Oxford Handbook of Kant, 2024-10-07 Immanuel Kant (1724-1804) is a towering figure of modern Western philosophy, someone whose thought continues to exert an influence across all areas of the discipline. His work is characterized by both breadth and unity: he writes powerfully about mind, epistemology, metaphysics, logic, mathematics, natural science, ethics, politics, aesthetics, education, and more. And across those areas, his work is concerned with defending a view of human beings and their place in nature according to which our own reason enables us to discover and uphold the laws of nature and freedom that is, to think for ourselves. The Oxford Handbook of Kant provides an up-to-date account of recent scholarship on Kant's philosophy, taking in all areas of his writings. It will be essential reading for students and researchers who want to think for themselves about the topics he wrote with such insight. The individual chapters to this

Handbook each provide a scholarly analysis and assessment of some aspect of Kant's thought, and the collection ranges across all the areas to which Kant contributed. It collectively presents a picture of where the study of Kant's philosophy finds itself at this point in the twenty-first century.

Kant's Perpetual Peace Immanuel Kant, 1927

German Political Philosophy Chris Thornhill, 2007-01-24 This book combines philosophical, intellectual-historical and political-theoretical methodologies to provide a new synoptic reading of the history of German political philosophy. Incorporating chapters on the political ideas of Luther and Zwingli, on the politics of the early Enlightenment, on Idealism, on Historicism and Lukács, on early Twentieth-Century political theology, on the Frankfurt School, and on Habermas and Luhmann, the book sets out both a broad and a detailed discussion of German political reflection from the Reformation to the present. In doing so, it explains how the development of German political philosophy is marked by a continual concern with certain unresolved and recurrent problems. It claims that all the major positions address questions relating to the origin of law, that all seek to account for the relation between legal validity and metaphysical and theological superstructures, and that all are centred on the attempt to conceptualise and reconstruct the character of the legal subject.

International Arbitration. International Tribunals William Evans Darby, 1900

International Tribunals William Evans Darby, 1904

Ethics of Humanitarian Interventions Georg Meggle, 2013-05-02 Humanitarian Interventions - that sounds nice; much nicer than wars, battles and use of military force. Foremost, the phrase makes you think of the delivery of sanitary goods, medication, of soup-kitchens. Here we are not supposed to think of interventions of this kind; we have to have humanitarian interventions in mind which are humanitarian intervention-wars. (I) At exactly what point is the use of military force a humanitarian intervention? What is the humanitarian aspect of those interventions? Their occasion? Their motive? Their alleged as well as their actual consequences? (II) At exactly what point are humanitarian intervention-wars morally justifiable? Are they justifiable even if they are wars of aggression breaching international law? And finally: (III) Was the war which was presented to us as the paradigmatic example of a humanitarian-intervention-war, that is: the war in Kosovo in the spring of 1999 (with over 37,000 bombing missions), really justifiable as a humanitarian intervention? Many of us wanted to believe so at the time. Does our ex ante judgement hold today in an ex post reflection? And which lessons for the future should we learn from the success or failure of this humanitarian war? These are the questions proposed in this book; therefore, it is concerned with problems of semantics (part I), problems of moral assessment (part II) and with the moral, legal and political conclusions we draw from our experiences with the war in Kosovo, our primary example of a humanitarian intervention (part III). International experts in the areas of philosophy, international law, sociology and peace studies debated these questions vigorously for several days. This is the resulting volume.

The Divided West Jürgen Habermas, 2014-11-05 Make no mistake, the normative authority of the United States of America lies in ruins. Such is the judgment of the most influential thinker in Europe today reflecting on the political repercussions of the war in Iraq. The decision to go to war in Iraq, without the explicit backing of a Security Council Resolution, opened up a deep fissure in the West which continues to divide erstwhile allies and to hinder the attempt to develop a coordinated response to the new threats posed by international terrorism. In this timely and important volume, Jürgen Habermas responds to the dramatic political events of the period since September 11, 2001, and maps out a way to move the political agenda forward, beyond the acrimonious debates that have pitched opponents of the war against the Bush Administration and its coalition of the willing. What is fundamentally at stake, argues Habermas, is the Kantian project of overcoming the state of nature between states through the constitutionalization of international law. Habermas develops a detailed multidimensional model of transnational and supranational governance inspired by Kantian cosmopolitanism, situates it in the context of the evolution of international law toward a cosmopolitan constitutional order during the nineteenth and twentieth centuries, and defends it against the new challenge posed by the hegemonic liberal vision underlying the aggressive unilateralism of the current US administration. *The Divided West* is a major intervention by one of the most highly regarded political thinkers of our time. It will be essential reading for students of sociology, politics, international relations, and international law, and it will be of great interest to anyone concerned with the current and future course of European and international politics.

The Discipline of Philosophy and the Invention of Modern Jewish Thought Willi Goetschel, 2015-06-01 Exploring the subject of Jewish philosophy as a controversial construction site of the project of modernity, this book examines the implications of the different and often conflicting notions that drive the debate on the question of what Jewish philosophy is or could be. The idea of Jewish philosophy begs the question of philosophy as such. But “Jewish philosophy” does not just reflect what “philosophy” lacks. Rather, it challenges the project of philosophy itself. Examining the thought of Spinoza, Moses Mendelssohn, Heinrich Heine, Hermann Cohen, Franz Rosenzweig, Martin Buber, Margarete Susman, Hermann Levin Goldschmidt, and others, the book highlights how the most philosophic moments of their works are those in which specific concerns of their “Jewish questions” inform the rethinking of philosophy’s disciplinarity in principal terms. The long overdue recognition of the modernity that informs the critical trajectories of Jewish philosophers from Spinoza and Mendelssohn to the present emancipates not just “Jewish philosophy” from an infelicitous pigeonhole these philosophers so pointedly sought to reject but, more important, emancipates philosophy from its false claims to universalism.

Hegel and the Freedom of Moderns Domenico Losurdo, 2004-08-18 Translated into English for the first time, this work portrays a different side of Hegel -- not just as a philosopher preoccupied with abstract ideas but a man deeply enmeshed and active in the pressing, concrete political issues of his time.

Peacemaking ,2021-10-25 Peacemaking includes a large array of activities from local to global attempts to attain peace. It includes consideration of international, interstate, and intertribal conflict resolution; communal, personal, and interpersonal social justice; deterrence of the use of nuclear weapons; design of international treaties that prevent war or other forms of international conflict; disarmament; international organizations that secure the order among nations; and even, from some points of view, war. As the 20th century drew to a close, we have witnessed peacemakers trying to end ethnic cleansing, reinstate justly elected political leaders, and reach compromises in the ideological differences that perpetuate age-old conflicts. We also see peacemaking in our schools, homes, and workplaces. Philosophers have long been interested in peacemaking in one form or another, and philosophical accounts of peacemaking reflect the variety of perspectives, methods, and activities developed in pursuing peacemaking. In some instances, philosophers expand upon the situations, activities, and methods of the peacemaker in the field. The essays in this volume propose some theoretical arguments for various aspects of peacemaking, offer nonmilitary alternatives to war, and discuss practical examples of peacemaking in daily life. The contributors analyze power relations, language, social groupings, and distribution of resources. At times, they draw insight from social and historical models of conflict and conflict-resolution. This collection of essays on peacemaking aims to enlighten contemporary social and political discussions and contribute to achieving the ever-challenging goal of peace.

While this might not be the Kant Zum Ewigen Frieden full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Kant Zum Ewigen Frieden eBooks, including some popular titles.

FAQs About Kant Zum Ewigen Frieden Books

What is a Kant Zum Ewigen Frieden PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Kant Zum Ewigen Frieden PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Kant Zum Ewigen Frieden PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do**

I convert a Kant Zum Ewigen Frieden PDF to another file format?

There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Kant Zum Ewigen Frieden PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to

compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
