**Sixteen Modern American Authors** Jackson R. Bryer, 1989 Praise for the earlier edition: Students of modern American literature have for some years turned to *Fifteen Modern American Authors* (1969) as an indispensable guide to significant scholarship and criticism about twentieth-century American writers. In its new form--*Sixteenth Modern American Authors*--it will continue to be indispensable. If it is not a desk-book for all Americanists, it is a book to be kept in the forefront of the bibliographical compartment of their brains.--*American Studies*

Richard Wright Keneth Kinnamon, 2014-11-04 African-American writer Richard Wright (1908-1960) was celebrated during the early 1940s for his searing autobiography (*Black Boy*) and fiction (*Native Son*). By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever, and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics.

*The Chronology of American Literature* Daniel S. Burt, 2004 If you are looking to brush up on your literary knowledge, check a favorite author's work, or see a year's bestsellers at a glance, *The Chronology of American Literature* is the perfect resource. At once an authoritative reference and an ideal browser's guide, this book outlines the indispensable information in America's rich literary past--from major publications to lesser-known gems--while also identifying larger trends along the literary timeline. Who wrote the first published book in America? When did Edgar Allan Poe achieve notoriety as a mystery writer? What was Hemingway's breakout title? With more than 8,000 works by 5,000 authors, *The Chronology* makes it easy to find answers to these questions and more. Authors and their works are grouped within each year by category: fiction and nonfiction; poems; drama; literary criticism; and publishing events. Short, concise entries describe an author's major works for a particular year while placing them within the larger context of that writer's career. The result is a fascinating glimpse into the evolution of some of America's most prominent writers. Perhaps most important, *The Chronology* offers an invaluable line through our literary past, tying literature to the American experience--war and peace, boom and bust, and reaction to social change. You'll find everything here from Benjamin Franklin's *Experiments and Observations on Electricity*, to Davy Crockett's first memoir; from Thoreau's *Civil Disobedience* to Edith Wharton's *Ethan Frome*; from meditations by James Weldon Johnson and James Agee to poetry by Elizabeth Bishop. Also included here are seminal works by authors such as Rachel Carson, Toni Morrison, John Updike, and Arthur Schlesinger, Jr. Lavishly illustrated--and rounded out with handy

bestseller lists throughout the twentieth century, lists of literary awards and prizes, and authors' birth and death dates--The Chronology of American Literature belongs on the shelf of every bibliophile and literary enthusiast. It is the essential link to our literary past and present.
