

Movimientos De Camara En El Cine

Cecilia Vera

Montaje cinematográfico Rafael C. Sánchez,1994

Luis Buñuel de la literatura al cine Antonio Monegal,1993

Diccionario técnico Akal de cine Ira Konigsberg,2004-09-22 Exhaustivo recorrido por todos los ámbitos del mundo del cine, de la producción y el equipo técnico a los géneros cinematográficos y los grandes estudios. Una herramienta imprescindible para estudiantes, cinéfilos y cualquier persona relacionada con la industria del cine.

Luces cámara acción!-- textos de cine y televisión María Lourdes Cortés,Carlos Freer V.,2000

El cine José Luis Caramés Lage,Carmen Escobedo de Tapia,Jorge Luis Bueno Alonso,1999

La semiología en tela de juicio Jean Mitry,1991-01-02 Si el cine es un lenguaje, ¿será posible captar su funcionamiento por medio de un análisis que utilice los métodos y modelos lingüísticos? El autor trata aquí de señalar, a partir del ejemplo de los trabajos de Ch. Metz, los límites de la semiología aplicada al estudio del film: siendo capaz de determinar el cómo de su significación, fracasa en cambio cuando trata de explicarse su por qué... y, en consecuencia, cuando trata de enunciar leyes válidas para la totalidad de las películas. Es así como la especificidad de lo fílmico le resulta intangible...

El lenguaje del cine Marcel Martin,2021-06-11 Mi propósito es ilustrar la historia del cine mucho más que su actualidad (...), tratar de precisar lo mejor posible el origen y el primer uso de tal o cual efecto del lenguaje visual y sonoro, y dar ejemplos seleccionados de los clásicos de la cinematografía. Marcel Martin analiza con gran rigor las películas más importantes explicando todos aquellos componentes que las han convertido en obras de arte imperecederas. Muchos de estos clásicos pueden considerarse hoy tan valiosos como la Ilíada, la Capilla Sixtina o la Novena Sinfonía de Beethoven. Con su fina atención al trabajo de la cámara, a los decorados y a la creación de diversas modalidades de espacios y tiempos para resaltar la lógica de la narración, el autor enriquece las teorías estéticas del cine con la dimensión y los conceptos de la semiótica cinematográfica. La obra se dirige especialmente a estudiantes para señalar los logros admirables de invención y creatividad en la fase aún experimental del cine clásico. Sus bases se encuentran en toda la producción posterior, que no ha añadido más que refinamientos técnicos.

El lápiz y la cámara Jaime Rosales,2018-02-14 Los apuntes que aquí encontrará el lector son ideas generales sobre el cine. Conceptos aplicados y reflexiones personales sobre el oficio de director de cine y sobre la creación artística en general.

Son el resultado de mi experiencia como cineasta, es decir, como director de cine y como cinéfilo. Siempre he pensado que visionar las películas de los demás es un acto tan creativo como hacer las mías propias. El aprendizaje del cine no se diferencia del aprendizaje de la vida. La vida es algo que se hace y que se aprende. El único tema de una película es la vida, lo que viene a ser lo mismo que decir que el único tema de una película es el cine.

Eliseo Subiela in Life and Cinema Nancy J. Membrez,2022-03-11 Audiences never have a lukewarm opinion of a Subiela film. They either love it passionately or hate it profoundly. That Eliseo Subiela (Buenos Aires, 1944-2016), an original and sensitive thinker, survived, and indeed thrived in economically challenged Argentina while garnering more accolades abroad than in his own country, is a tribute to his grit, intelligence, imagination and persistence of vision. With an astounding list of prizes and honors, he was a world-class auteur. Even when he was making a TV commercial, his surreal style and poetic sensibility were unmistakable. This book represents the culmination of 20 years of research and personal correspondence with Eliseo Subiela. Through ten scholarly studies and five interviews, it sheds light on his life, esthetics, obsessions, struggles with madness, and, of course, his films. It addresses his earlier career in advertising, lifelong artistic influences, screenwriting techniques, critical reactions to his films, and what Subiela's example has to offer aspiring filmmakers, especially those in Latin America.

Imagen Carlos Fernández Villasante,1996 Capacita para definir y obtener imágenes en cualquier soporte, por medios fotográficos, cinematográficos, etc. así como para iluminar espacios escénicos.

Movimientos y renovación en el cine Juan Diego Caicedo González,2005

La era de Casandra David Casacuberta,2021-03-08 La era de Casandra cuestiona la actual moda ensayística de intentar reducir la complejidad de nuestra sociedad a algún principio abstracto y mal definido con el que se pretende explicar todas las facetas de nuestra vida, ya sea ofreciendo escenarios apocalípticos u optimismos ingenuos. Como alternativa, el texto propone una epistemología del no saber, de aceptar que no existen modelos que lo puedan explicar todo y resolver cada problema desde su contexto concreto y la incertidumbre inevitable. En un tono ameno y a veces irónico, se analizan así tendencias actuales como el neurocientismo y creer que puede entenderse toda actividad humana con solo examinar detalladamente nuestras neuronas, la cultura de la cancelación, pasando por las teorías que presentan el mundo digital como un entorno manipulador del que no podemos escapar.

Cronología del cine cubano IV (1953-1959) Arturo Agramonte,Luciano Castillo,2022-12-07 En 1966 Arturo Agramonte publicó una preciosa Cronología del cine cubano, editada por el ICAIC, y en 2008 María Eulalia Douglas completó aquel trabajo pionero con su Catálogo del cine cubano (1897-1960), divulgado por la Cinemateca de Cuba. Y ahora, con el título de Cronología del cine cubano aparece la investigación histórica de Arturo Agramonte y Luciano Castillo, una exhaustiva indagación que desborda la modestia de su título. Nos hallamos, en efecto, ante una monumental investigación

hemerográfica y archivística, insólita en el panorama de la memoria de los cines nacionales.

Los borrosos años diez, crónica de un cine ignorado (1910-1919) Antonia del Rey Reguillo, 2005-12-31

Diccionario de conceptos y términos audiovisuales José Javier Marzal, Francisco Javier Gómez-Tarín, 2015-03-05 El Diccionario de conceptos y términos audiovisuales, tal como reza el subtítulo, es una herramienta conceptual, docente y práctica, orientada a su uso como consulta y, en su caso, divulgación. Si bien el objetivo esencial es que el lector pueda navegar con seguridad en el entorno de los innumerables términos necesarios para la ejecución del análisis filmico, no queda ahí su validez. De hecho, cada término va acompañado de bibliografía (elemental, si se quiere, pero indispensable) que permitirá con facilidad ampliar las líneas de autoformación propias de cada individuo, con especial rentabilidad para los alumnos universitarios.

Cómo hacer cine 4 Cecilia Vera, 2002

Mujer, amor y sexo en el cine español de los '90 Pilar Aguilar, Pilar Aguilar Carrasco, 1998 Para elaborar esta obra la autora ha analizado cincuenta y cinco películas españolas producidas en los 90. A través de ellas hace un análisis de los roles y estereotipos que encarnan los personajes de ambos sexos. El tratamiento que se da a las mujeres la mayoría de las veces tiene poco que ver con la realidad. Así, casi todas son mujeres con poca autonomía propia, siendo madres, esposas, novias y sobre todo, amantes. Dos notas llaman la atención: Con la excepción de las películas del director Pedro Almodóvar, el protagonismo lo tienen siempre los papeles masculinos y ellas son solo subordinadas de los hombres. En cuanto a la profesión, las protagonistas suelen aparecer frecuentemente como prostitutas y como acosadoras sexuales en su trabajo. Nunca se reflejan situaciones críticas de la vida real como el desempleo y las muestras afectuosas de amor se convierten en escenas de incontrolada pasión erótica. Se detecta un exceso de escenas de voyeurismo en las que se muestra el desnudo femenino sin ninguna justificación narrativa. En general, y a modo de conclusión, se destaca el conservadurismo del cine español y su incapacidad para reflejar la situación de la mujer actual.

Cine cubano, 1961

Transition Cinema Jessica L. Stites Mor, 2012-05-27 In Transition Cinema, Jessica Stites Mor documents the critical role filmmakers, the film industry, and state regulators played in Argentina's volatile and unfinished transition from dictatorship to democracy. She shows how, during periods of both military repression and civilian rule, the state moved to control political film production and its content, distribution, and exhibition. She also reveals the strategies that the industry, independent filmmakers, and film activists employed to comply with or circumvent these regulations. Stites Mor traces three distinct generations of transition cinema, each defined by a seminal event that shifted the political economy of national filmmaking. The first generation of filmmakers witnessed and participated in civil uprisings, such as the Cordobazo in 1969, and faced waves of repression, violence, and censorship. This generation gave rise to vibrant underground exhibitions and

film clubs and eventually became symbolically linked to the Peronist Left and radical militancy. Following the 1983 return to civilian rule, a second generation of political filmmakers emerged at the center of public debates, when Buenos Aires became the locus for state-level cultural programs to address human rights and collective memory. Building on that legacy, a third generation of filmmakers explored new modes of activist and political filmmaking aided by digital technology. They pioneered new genres such as the street phenomenon of cine piquetero and introduced resistance politics and social movements into highly visible public spaces. In this captivating work, Stites Mor examines how social movements, political actors, filmmakers, and government and industry institutions, all became deeply enmeshed in the project of Argentina's transition cinema. She demonstrates how film emerged as the chronicler of political struggles in a dialogue with the past, present, and future, whose message transcended both cultural and national borders.

La semiótica de la obra de arte Juan Felipe Barreto Salazar, 2008-03-05 Acerca al lector hacia el sentido esencial del arte desde una perspectiva filosófica, más exactamente la estético-semiótica. Dicho sentido ha de significar en su mente algo así como el modo de ser de las prácticas artísticas, o sea el comportamiento esencial que ellas presentan. Por su parte, el término prácticas artísticas ha de apuntar a las expresiones particulares del arte en tanto son situaciones puestas en acción, las cuales, además, abren el horizonte para una experiencia estética placentera: la escultura, la pintura, el cine, la literatura, los performances, las artes escénicas, etc. El enfoque semiológico propuesto por el texto, circunscrito dentro de la amplia llanura del quehacer filosófico, busca limitar el rumbo de las interpretaciones acerca del status ontológico del arte dentro del marco del análisis semiótico. En otras palabras, el suelo desde el cual ha de instalarse el lector para la comprensión de las anotaciones aquí ofrecidas es el semióticoestético del arte, a partir del cual las prácticas artísticas aparecen descritas en su comportamiento. Finalmente, la tarea que queda abierta como producto de las anotaciones de este texto radica básicamente en, igual que en todo trabajo filosófico, fomentar y/o ahondar en la discusión acerca de la perspectiva semiótica del arte y del cine. Es más, se trata de llamar la atención sobre una reflexión filosófica general, no sólo de corte semiológico, es decir, del tipo que sea, pero eso sí, madurada por el ejercicio cauto y juicioso de la razón, que se interese por la esencia y destino del arte y del cine en particular. El lenguaje cinematográfico, si bien cuenta con algunas reflexiones filosóficas en la historia del pensamiento universal, no es, en realidad, un terreno bastante problematizado si se compara con la amplia cantidad de textos inspirados en otros tópicos. Se espera que estas anotaciones sirvan de aliciente reflexivo para todos aquellos que, encontrándose inmersos en el quehacer filosófico, deseen seguir taladrando en la espesa cautivante sustancia del lenguaje artístico y cinematográfico.
