The Oxford Dictionary of Family Names in Britain and Ireland Patrick Hanks, Richard Coates, Peter McClure, 2016-11-17
Containing entries for more than 45,000 English, Scottish, Welsh, Irish, Cornish, and immigrant surnames, The Oxford Dictionary of Family Names in Britain and Ireland is the ultimate reference work on family names of the UK. The Dictionary includes every surname that currently has more than 100 bearers. Each entry contains lists of variant spellings of the name, an explanation of its origins (including the etymology), lists of early bearers showing evidence for formation and continuity from the date of formation down to the 19th century, geographical distribution, and, where relevant, genealogical and bibliographical notes, making this a fully comprehensive work on family names. This authoritative guide also includes an introductory essay explaining the historical background, formation, and typology of surnames and a guide to surnames research and family history research. Additional material also includes a list of published and unpublished lists of surnames from the Middle Ages to the present day.

Indian and Pakistan Year Book and Who's who Sir Stanley Reed, 1928 Issues for 1919-47 include Who's who in India; 1948, Who's who in India and Pakistan.

Dictionary of American Family Names Patrick Hanks, 2003-05-08 Where did your surname come from? Do you know how many people in the United States share it? What does it tell you about your lineage? From the editor of the highly acclaimed Dictionary of Surnames comes the most extensive compilation of surnames in America. The result of 10 years of research and 30 consulting editors, this massive undertaking documents 70,000 surnames of Americans across the country. A reference source like no other, it surveys each surname giving its meaning, nationality, alternate spellings, common forenames associated with it, and the frequency of each surname and forename. The Dictionary of American Family Names is a fascinating journey throughout the multicultural United States, offering a detailed look at the meaning and frequency of surnames throughout the country. For students studying family genealogy, others interested in finding out more about their own lineage, or lexicographers, the Dictionary is an ideal place to begin research.

Encyclopedia of Asian American Folklore and Folklife Jonathan H. X. Lee, Kathleen Nadeau, 2010-12-21 This comprehensive compilation of entries documents the origins, transmissions, and transformations of Asian American folklore

and folklife. Equally instructive and intriguing, the Encyclopedia of Asian American Folklore and Folklife provides an illuminating overview of Asian American folklore as a way of life. Surveying the histories, peoples, and cultures of numerous Asian American ethnic and cultural groups, the work covers everything from ancient Asian folklore, folktales, and folk practices that have been transmitted and transformed in America to new expressions of Asian American folklore and folktales unique to the Asian American historical and contemporary experiences. The encyclopedia's three comprehensive volumes cover an extraordinarily wide range of Asian American cultural and ethnic groups, as well as mixed-race and mixed-heritage Asian Americans. Each group section is introduced by a historical overview essay followed by short entries on topics such as ghosts and spirits, clothes and jewelry, arts and crafts, home decorations, family and community, religious practices, rituals, holidays, music, foodways, literature, traditional healing and medicine, and much, much more. Topics and theories are examined from crosscultural and interdisciplinary perspectives to add to the value of the work.

The Christians of Pakistan Linda Walbridge, 2012-10-12 In May 1998, John Joseph, the first native Pakistani Catholic bishop, shot himself in front of the courthouse where a Christian had been sentenced to death for blasphemy. This book tells the story of the Christians in Pakistan, with Bishop Joseph as its centrepiece. It is an account of outcasts who sought hope through Christianity, but who now find themselves victims of a struggle to define Islam in Pakistan. The majority of Pakistani Christians are descendants of untouchables converted to Christianity in the late 19th century. In Pakistan a minority religion is linked with low status, perpetuating the Indian Hindu caste system even though the Muslim majority has disassociated itself from all things Hindu and Indian. The book also deals with enculturation in the Pakistani church, the rise of native clergy, conflicts between the local church and Rome, the rise of 'fundamentalist' Islam and the position of women in society and church.

A Person of Pakistani Origins Ziauddin Sardar, 2018 A personal account of what it means to grow up as a Pakistani in the West. The author is a public intellectual who writes passionately about identity and belonging.

Jinnah, Pakistan and Islamic Identity Akbar Ahmed, 2005-08-12 Every generation needs to reinterpret its great men of the past. Akbar Ahmed, by revealing Jinnah's human face alongside his heroic achievement, both makes this statesman accessible to the current age and renders his greatness even clearer than before. Four men shaped the end of British rule in India: Nehru, Gandhi, Mountbatten and Jinnah. We know a great deal about the first three, but Mohammed Ali Jinnah, the founder of Pakistan, has mostly either been ignored or, in the case of Richard Attenborough's hugely successful film about Gandhi, portrayed as a cold megalomaniac, bent on the bloody partition of India. Akbar Ahmed's major study redresses the balance. Drawing on history, semiotics and cultural anthropology as well as more conventional biographical techniques,

Akbar S. Ahmad presents a rounded picture of the man and shows his relevance as contemporary Islam debates alternative forms of political leadership in a world dominated (at least in the Western media) by figures like Colonel Gadaffi and Saddam Hussein.

Pakistani Entrepreneurs Zafar Altaf, 2023-06-09 First Published in 1983 *Pakistani Entrepreneurs* covers the role of the entrepreneur within Pakistan. His origins, religious and educational background, and family play a more important part in the development of the Pakistani entrepreneur than is the case with his western counterpart. In particular, the influence of caste was considered in the context of attitudes towards bargaining and credit, knowledge of and information on markets and raw materials. This is a systematic and probing study of efforts at Industrialisation in Pakistan, and of the way entrepreneurs have risen to the challenges of its offers. This book will be of interest to scholars and researchers of Pakistani economics, South Asian economics, and business economics.

Unmarriageable Soniah Kamal, 2019-01-22 “This inventive retelling of *Pride and Prejudice* charms.”—People “A fun, page-turning romp and a thought-provoking look at the class-obsessed strata of Pakistani society.”—NPR Alys Binat has sworn never to marry—until an encounter with one Mr. Darsee at a wedding makes her reconsider. A scandal and vicious rumor concerning the Binat family have destroyed their fortune and prospects for desirable marriages, but Alys, the second and most practical of the five Binat daughters, has found happiness teaching English literature to schoolgirls. Knowing that many of her students won’t make it to graduation before dropping out to marry and have children, Alys teaches them about Jane Austen and her other literary heroes and hopes to inspire the girls to dream of more. When an invitation arrives to the biggest wedding their small town has seen in years, Mrs. Binat, certain that their luck is about to change, excitedly sets to work preparing her daughters to fish for rich, eligible bachelors. On the first night of the festivities, Alys’s lovely older sister, Jena, catches the eye of Fahad “Bungles” Bingla, the wildly successful—and single—entrepreneur. But Bungles’s friend Valentine Darsee is clearly unimpressed by the Binat family. Alys accidentally overhears his unflattering assessment of her and quickly dismisses him and his snobbish ways. As the days of lavish wedding parties unfold, the Binats wait breathlessly to see if Jena will land a proposal—and Alys begins to realize that Darsee’s brusque manner may be hiding a very different man from the one she saw at first glance. Told with wry wit and colorful prose, *Unmarriageable* is a charming update on Jane Austen’s beloved novel and an exhilarating exploration of love, marriage, class, and sisterhood. Praise for *Unmarriageable* “Delightful . . . *Unmarriageable* introduces readers to a rich Muslim culture. . . . [Kamal] observes family dramas with a satiric eye and treats readers to sparkling descriptions of a days-long wedding ceremony, with its high-fashion pageantry and higher social stakes.”—Star Tribune “Thoroughly charming.”—New York Post “[A] funny, sometimes romantic, often thought-provoking glimpse into Pakistani culture, one which adroitly illustrates the double standards women face when navigating sex, love, and marriage. This is a must-read for devout Austenites.”—Publishers Weekly (starred review)

Beyond Bin Laden Brig (Retd) Rahul K Bhonsle, 2011-10-12 The elimination of Osama Bin Laden was a remarkable success for American intelligence and Special Forces. To track down a rebel leader who had cut himself off from communications with the World and operated from an isolated compound in an affluent locality where none would really suspect his presence requires diligence, patience and perseverance of the highest order. The raid by US Special Operations Forces was also unique. Launched after careful preparation, using stealth helicopters, the deadly strike force known as the Seals swooped down on the target and in half an hour plus succeeded in achieving the mission and getting away, before local forces had even stirred. Will the World be a better place without Osama or will it sink to the doom that he had predicted continues to be a dilemma? There are many prognostications, some represent plain hope, others are borne out of historical experience while some spring from disparaging cynicism which see the ebb and flow of terrorism either receding or expanding as the years go on. This Book is an attempt to work through this maze of uncertainty by examining key vectors related to the rise and fall of Osama Bin Laden and the Al Qaeda to envisage four possible scenarios ranging from the collapse of the state order [seen as unlikely] to containment of terror threat [equally challenged] in three dimensions globally, regionally and locally over the next decade or so.

From Chak 29 to Dinkytown Faiz Khan, 2018-12-27 Professor Faiz M. Khan is a world-renowned medical physicist. He has a passion for delving into cosmology, evolution, and life philosophies. In this book, he recounts his childhood and early education in a small village in Pakistan, his college days in the ancient cities of Multan and Lahore, and his pursuit of getting the highest academic degree that his father had predicted when he was a child. He fulfilled that prediction by receiving his PhD from the University of Minnesota. Later, his sheer determination to excel in his academic career earned him the highest award from the American Association of Physicists in Medicine, namely the William D. Coolidge Gold Medal. In this book, Professor Khan writes the story of his life. It is his account of both the how and the why of living. From the trajectory of his life, one can surmise that simple beginnings are not a handicap in life.

A History of Pakistan and Its Origins Christophe Jaffrelot, 2002 'A History of Pakistan and its Origins' is a comprehensive, detailed and fully up-to-date study of one of the most diverse, volatile and strategically significant countries in the world today. Born in turmoil barely half a century ago, Pakistan seems to be in an interminable pursuit of its own identity and at the same time finds itself a pivotal player in world politics. Its short existence has witnessed much: four coups d' tat; the rise of Islam as a power; tensions between ethnic, religious and separatist movements; the Kashmir conflict and the near-constant war footing with India. This text charts half a century of nation-building in Pakistan, while at the same time placing the country within the context of its relations with the outside world.

Pakistan Smart Book, 2010 The Smart Book contains information designed to enhance Soldier's knowledge of Pakistan, including history, politics, country data and statistics, and the military operational environment. The Smart Book concludes

with an overview of the culture of Pakistan including religion, identity, behavior, communication and negotiation techniques, an overview of ethnic groups, a regional breakdown outlining each province, a language guide, and cultural proverbs, expressions and superstitions.

Kinship and Continuity Alison Shaw, 2014-02-04 Kinship and Continuity is a vivid ethnographic account of the development of the Pakistani presence in Oxford, from after World War II to the present day. Alison Shaw addresses the dynamics of migration, patterns of residence and kinship, ideas about health and illness, and notions of political and religious authority, and discusses the transformations and continuities of the lives of British Pakistanis against the backdrop of rural Pakistan and local socio-economic changes. This is a fully updated, revised edition of the book first published in 1988.

States of Imagination Thomas Blom Hansen, Finn Stepputat, 2001-12-12 Theoretically sophisticated ethnographies of different aspects of various governments, showing the importance of such work to anthropology and to the study of states in general.

False Self Linda Hopkins, 2020-09-15 Winner of the 2007 Grady Award and the 2006 Goethe Award for Psychoanalytic Scholarship The definitive biography of one of the most engaging figures of British psychoanalysis. Both gifted analyst and generational bete noire, M. Masud R. Khan (1924-1989) exposed through his candor and scandalous behavior the bigotry of his proponents turned detractors. The son of a wealthy landowner in rural India (now Pakistan), Khan grew up in a world of privilege that was radically different from the Western lifestyle he would adopt after moving to London. Notorious for his flamboyant personality and, at first, widely acknowledged as a brilliant clinician, Khan was closely connected to some of the most creative and accomplished individuals of his time, including Donald Woods Winnicott, Anna Freud, Robert Stoller, Michael Redgrave, Julie Andrews, Rudolph Nureyev, and many more. Khan's subsequent downfall, which is powerfully narrated in this biography, offers interesting insights not only into Khan's psychic fragility but into the world of intrigues and deceptions pervasive in the psychoanalytic community of the time. In telling the story of this provocative man, Linda Hopkins makes use of unprecedented access to a complete copy of Khan's unpublished Work Books, which are quoted extensively. Additionally, she conducted innumerable interviews with Khan's peers, relatives, and analysts in order to provide an in-depth and balanced account of Masud Khan as a talented and deeply conflicted individual.

The New Pakistani Middle Class Ammara Maqsood, 2017-11-13 Images of religious extremism and violence in Pakistan—and the narratives that interpret them—inform global events but also twist back to shape local class politics. Ammara Maqsood focuses on life in Lahore, where she untangles these narratives to show how central they are for understanding competition between middle-class groups.
