The subtle differences that make the difference between attracting women and losing them. I will take you through the process of understanding, stepbystep. #3 What you will learn from me is what only about 3 out of every 100 men know: how to attract and seduce women. I will teach you how to become balanced, centered, and confident with women, and to no longer be intimidated by them. #4 The lower a woman's level of attraction is, the more difficult it will be to get her to agree to go out with you.
