

Dragons Of Pern Order

Allen Stroud

The Ashgate Encyclopedia of Literary and Cinematic Monsters Jeffrey Andrew Weinstock, 2016-04-01 From vampires and demons to ghosts and zombies, interest in monsters in literature, film, and popular culture has never been stronger. This concise Encyclopedia provides scholars and students with a comprehensive and authoritative A-Z of monsters throughout the ages. It is the first major reference book on monsters for the scholarly market. Over 200 entries written by experts in the field are accompanied by an overview introduction by the editor. Generic entries such as 'ghost' and 'vampire' are cross-listed with important specific manifestations of that monster. In addition to monsters appearing in English-language literature and film, the Encyclopedia also includes significant monsters in Spanish, French, Italian, German, Russian, Indian, Chinese, Japanese, African and Middle Eastern traditions. Alphabetically organized, the entries each feature suggestions for further reading. The Ashgate Encyclopedia of Literary and Cinematic Monsters is an invaluable resource for all students and scholars and an essential addition to library reference shelves.

First Contact Bonnie Kunzel, Suzanne Manczuk, 2001 This beginning reader's advisory book helps librarians guide young readers to science fiction and fantasy titles. Entries describe titles and list sequels and related books by the same author. Entries are in topical sections such as alien contact, dragons, biotechnology, and postapocalypse. Classics as well as current titles popular with both younger and older teens are included in each category. Kunzel is a teen specialist at Princeton Public Library and is vice president of the Young Adult Library Services Association of the American Library Association. Manczuk teaches in the School of Communication, Information, and Library Studies at Rutgers University. c. Book News Inc.

Pendragon Variety - In Memory of Dragons ,

Dragonsblood Todd J. McCaffrey, 2005-01-25 "This is Pern, in the hands of a new master-grade harper. . . . May the saga continue!" —David Weber, New York Times bestselling author of *The Shadow of Saganami* A mysterious epidemic is striking dragons, and the next deadly cycle of Threadfall is only days away. Somehow, dragonrider Lorana must find a way to save all the dragons—including her own beloved Arith—before they succumb to the sickness, leaving Pern undefended. No doubt the first colonists, who originally bred the dragons, possessed the advanced technology to find a cure. But over the centuries, that knowledge was lost. Five hundred years in the past, a scientist foresees that a disease may ultimately destroy the dragons, and she is determined to find a way to change the future. Now two brave women, separated by hundreds of years

but joined by bonds transcending time, become unknowing allies in a desperate race for nothing less than Pern's survival. Praise for *Dragonsblood* "Dragonsblood is a strong, lively story, with vivid, interesting characters and plenty of exciting action. Todd has captured the tone as well as the familiar settings of the Pern books. Pern fans (and newcomers to the Pern universe) have reason to rejoice."—Elizabeth Moon, Nebula Award-winning author of *Marque* and *Reprisal* "For Pern lovers, the good news is that Todd McCaffrey has inherited his mother's storytelling ability. His dragons and firelizards, his harpers in Harper's Hall, carry on the great traditions—and add much to them. Huzzah, Todd! You have learned wisdom indeed."—Jane Yolen, award-winning author of *Briar Rose* "Dragonsblood is cause for celebration! A worthy addition to one of the grandest traditions in the literature of the fantastic, this is a lock-the-door, take-the-phone-off-the-hook, send-the-kids-out-to-play, curl-up-and-enjoy adventure!"—David Gerrold, author of *Blood and Fire* "The torch has been passed and burns more brightly than ever in this latest chapter of the venerable Pern saga, the first of what one hopes will be many solo efforts by the son of series creator Anne McCaffrey. . . . This stand-alone tale fits beautifully into the existing history and style of earlier books while still breaking new ground."—Publishers Weekly (starred review) "McCaffrey convincingly spins a dramatic, thoroughly captivating tale, steeped in the lore and well-drawn characterizations of the people and the dragons for which the Pern novels are prized. Fans old and new will be delighted by his continuance of a beloved saga."—Booklist

So Say We All: The Complete, Uncensored, Unauthorized Oral History of Battlestar Galactica Edward Gross, Mark A. Altman, 2018-08-21 From Mark A. Altman and Edward Gross, the bestselling authors of the definitive two-volume *Star Trek* oral history, *The Fifty-Year Mission*, comes the complete, uncensored, unauthorized oral history of *Battlestar Galactica* in *So Say We All*. Four decades after its groundbreaking debut, *Battlestar Galactica*—both the 1978 original and its 2004 reimagining have captured the hearts of two generations of fans. What began as a three-hour made-for-TV movie inspired by the blockbuster success of *Star Wars* followed by a single season of legendary episodes, was transformed into one of the most critically acclaimed and beloved series in television history. And gathered exclusively in this volume are the incredible untold stories of both shows—as well as the much-maligned *Galactica* 1980. For the first time ever, you will learn the unbelievable true story of forty years of *Battlestar Galactica* as told by the teams that created a television legend in the words of over a hundred cast, creators, crew, critics and executives who were there and brought it all to life. *So Say We All!* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Dragons Doug Niles, 2013-08-18 A fantastic collection of draconic tradition! Since the Bronze Age, people have been fascinated, enchanted, and even frightened by tales of mystical dragons. With this book, you will unravel the history and mystery behind these serpentine beasts with folklore, mythology, and poetry from every tradition in the world. From the Slavic Zmey Gorynych, bearing its three fire-breathing heads, to J.R.R. Tolkien's Smaug, who laid entire towns to waste, the thrilling stories surrounding these fierce monsters are sure to captivate anyone who has ever dreamed of running into one

during his or her travels. Whether you're interested in exploring the history and culture or just want to learn more about your favorite types of dragons, the legendary tales in this book will transport you to a time when these mythical creatures ruled the land, sea, and sky. Complete with hundreds of imaginative illustrations, *Dragons* reveals the magnificent beauty of these mesmerizing creatures as well as their terrifying power over civilizations.

Dragon Martin Arnold, 2018-06-15 From the fire-breathing beasts of North European myth and legend to the Book of Revelation's Great Red Dragon of Hell, from those supernatural agencies of imperial authority in ancient China to the so-called dragon-women who threaten male authority, dragons are a global phenomenon, one that has troubled humanity for thousands of years. These often scaly beasts take a wide variety of forms and meanings, but there is one thing they all have in common: our fear of their formidable power and, as a consequence, our need either to overcome, appease, or in some way assume that power as our own. In this fiery cultural history, Martin Arnold asks how these unifying impulses can be explained. Are they owed to our need to impose order on chaos in the form of a dragon-slaying hero? Is it our terror of nature, writ large, unleashed in its most destructive form? Or is the dragon nothing less than an expression of that greatest and most disturbing mystery of all: our mortality? Tracing the history of ideas about dragons from the earliest of times to *Game of Thrones*, Arnold explores exactly what it might be that calls forth such creatures from the darkest corners of our collective imagination.

Dragons Stephen Krensky, 2006-01-08 Examines the history and popular culture surrounding the scaly, fire-breathing monsters known as dragons.

Poetry from the Heart Dee Anne Blades, 2005 This book is the first of hopefully many books of poetry that I am able to put together and share with the readers of the world. In this book are poems that were written 20 to 30 years ago as well as poems that were written this year. It is a poetry book that is full of all different sorts of poetry for all different sorts of people... it has fantasy, science fiction, as well as religious poems, poems that were written as songs, and poetry written to show my own feelings at different points in my life. It has a touch of all the kinds of poetry I write, including the dragons and fairies that I love so very much, as well as the kinds of things that are happening today that we have to deal with. They are all out there for you to enjoy and peruse and have fun with while you are imaging your self into the world of my poetry. I hope it grabs you and takes you away to the many enchanted lands that this book was meant for you to see.

Vanity of Their Minds Patrick M Schlievert PhD, 2023-12-07 This is a timely book where our current Earth appears at a tipping point, with several tyrannical countries disrupting the normal procession of the free world. Wouldn't it help the world immensely if the tyrannical leaders no longer existed and no longer rose to power? Patch, the main character, and his spouse, Olivia, try multiple ways to make these malignant leaders disappear, including uniting the world in the fight against infections, uniting the world in defining once and for all true religion, and finally successfully showing the world how to make

these tyrannical leaders disappear, never to arise again.

Dragon's Fire Anne McCaffrey, Todd J. McCaffrey, 2006 When a mine containing firestone, the mineral that gives the dragons of Pern their ability to breathe fire, explodes, killing the miners trapped there, young Cristov volunteers to take over the dangerous task of retrieving the explosive rock for the dragons, in the sequel to *Dragon's Kin*. 150,000 first printing.

The 100 Most Popular Young Adult Authors Bernard A. Drew, 1997-10-15 The book focuses on individuals writing in the '90s, but also includes 12 classic authors (e.g., Mark Twain, Louisa May Alcott, J.R.R. Tolkien) who are still widely read by teens. It also covers some authors known primarily for adult literature (e.g., Stephen King) and some who write mainly for middle readers but are also popular among young adults (e.g., Betsy Byars). An affordable alternative to multivolume publications, this book makes a great collection development tool and resource for author studies. It will also help readers find other books by and about their favorite writers.

Historical Dictionary of Fantasy Literature Allen Stroud, 2023-06-12 Fantasy is both old and new. In the ancient past, stories of magic, where supernatural creatures existed, the gods walked the earth and heroes saved their civilizations from the dark fate that awaited them were intermingled with history, religion, and fact. It is only in the last few hundred years that a conscious suspension of disbelief has allowed us to return to fantasy: the literature of the impossible and appreciate it for its craft and storytelling once more. *Historical Dictionary of Fantasy Literature, Second Edition* contains a chronology, an introduction, an extensive bibliography, and cross-referenced entries on more than 800 authors, ranging across the entire historical spectrum. More than 200 other entries describe the fantasy sub genres, key images in fantasy literature, technical terms used in fantasy criticism, and the intimately convoluted relationship between literary fantasies, scholarly fantasies, and lifestyle fantasies. This book is an excellent resource for students, researchers, and anyone wanting to know more about fantasy literature.

Of Modern Dragons; and other essays on Genre Fiction: John Lennard, 2016-10-09 A volume of essays exploring some of the best genre fiction of the last 40 years.

Dragondrums Anne McCaffrey, 2015-04-28 Also issued as part of a box set, the complete and updated trilogy.

The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy, set in a mythical past when magic existed, animals talked, and the gods took an active hand in earthly affairs. As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present, fantasy was temporarily marginalized until the late 20th century, when it enjoyed a spectacular resurgence in every stratum of the literary marketplace. Stableford provides an invaluable guide to this sequence of events and to the current state of the field. The chronology tracks the evolution of fantasy from the origins of literature to the 21st century. The introduction explains the nature of the impulses creating and shaping fantasy literature, the problems of its definition and the reasons for

its changing historical fortunes. The dictionary includes cross-referenced entries on more than 700 authors, ranging across the entire historical spectrum, while more than 200 other entries describe the fantasy subgenres, key images in fantasy literature, technical terms used in fantasy criticism, and the intimately convoluted relationship between literary fantasies, scholarly fantasies, and lifestyle fantasies. The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature, through bibliographies and accounts of the fantasy literature of different nations, to individual author studies and useful websites.

Fiction Index for Readers 10 to 16 Vicki Anderson,1992 Index of 8200 titles arranged under 200 specific subject headings.

The Mammoth Encyclopedia of Science Fiction George Mann,2012-03-01 This encyclopedia is the most up-to-date, concise, clear and affordable guide to all aspects of science fiction, from its background to generic themes and devices, from authors (established and new) to films. Science fiction has evolved into one of the most popular, cutting-edge and exciting fiction genres, with a proliferation of modern and classic authors, themes and ideas, movies, TV series and awards. Arranged in an A-Z format, and featuring a comprehensive index and cross-referencing system, The Mammoth Encyclopedia of Science Fiction is also the most accessible and easy to use encyclopedia of its kind currently available.

Sequels Janet G. Husband,Jonathan F. Husband,2009-07-30 A guide to series fiction lists popular series, identifies novels by character, and offers guidance on the order in which to read unnumbered series.

Dragon Song Shirley McCoy,2023-10-23 Dragons rule the world. Princess Morgan Talbot of Esterhaven knows one rules her. Rownar, the most powerful dragon of all, forced a magical bond with her at a tender age. He intends to corrupt her soul, then consume her body. Now of age, Morgan knows she must take back her life and defeat Rownar, and all his kind. Connor O'Malley is the greatest dragon slayer alive. He spends one memorable night with Morgan, never thinking to see her again. Until he does. He is deeply shaken to learn the woman he fell for is a princess and determined to conquer Rownar herself. When Connor offers to train her, Morgan reluctantly accepts. Now an epic battle will begin, for a princess's life, her soul, her kingdom, and the world.
